

Vestal Buick GMC Selling GMC Trucks In North Carolina

July 29, 2019

July 29, 2019 - PRESSADVANTAGE -

Vestal Buick GMC, a car dealer in Kernersville, North Carolina, is pleased to announce that their GMC truck sales are still performing well in the greater Virginia, South Carolina, and North Carolina areas despite the recent dip in overall US automobile sales. The company is a family-run Automobile Dealership that offers both new and used cars at a reasonable price. A list of the vehicles sold by the company, including the GMC sierra 2500 Greensboro, can be found on the company's website.

Chris Vestal, a representative for Vestal Buick GMC, says, "2019 has not necessarily been a good year for vehicle sales in the US. However, because of our large selection of new and used vehicles along with competitive price incentives and areal concern for customer service, we have been able to increase our sales volume."

In the first half of 2019, US automakers reported a dip in sales due to a number of factors. Companies like Fiat Chrysler, Toyota, and even General Motors are all experiencing drops in sales throughout the year's midpoint. General Motors reported a 4.2% in first-half sales of 1.4 million following a 1.5% dip in the second quarter. Despite this, Vestal Buick GMC has maintained a good sales record.

Vestal attributes this consistent success to the stellar service and reasonable prices his company offers. "We know the economic situation in the automotive industry is not the best, but people still need vehicles and we try to accommodate their needs as best as we can. We sell both used and new cars, and when we get a new customer, we try to give them the best price we can. Since we started operating in 1966, we've been working with the mindset of putting our customers first. We pride ourselves with building quality, lifelong relationships with our customers. I believe that is a big part of why we've maintained a certain level of success."

Since their inception, Vestal Buick GMC has served Kernersville and the Greater Triad Region of Greensboro, Winston-Salem, and High Point, North Carolina. Vestal Buick GMC is a full-service dealership with a service department, parts department, body shop, tire express, and express quick lube service. With a central location that is easy to reach, the dealership is an easy choice for anyone in the area looking to get their vehicle serviced or purchase a new vehicle. Those who wish to find out more about Vestal Buick GMC and their selection of vehicles can do so at the following link: [GMC Dealer North Carolina](#).

Vestal Buick GMC's commitment to customer support is backed up by their customer reviews as well. Dealer Rater, a service that provides real customer reviews for automobile dealerships, rates Vestal Buick GMC at an average of 4.9 stars. A 5-star review on the website reads, "Vestal consistently provides superior service. The staff is professional, polite, and sincerely tries to please. No dealership tries harder. That is why I have been a customer since 1992."

Another 5-star review on the same website reads, "I dropped off my vehicle, though I did not have an appointment scheduled. Was able to have repairs completed the same day. Was also kept informed as repairs went along and knew the cost up front. Great service." Over 800 similar reviews can be found for the dealership on the website.

It is not only the online reviews that are positive, either. Hogan, a recent customer of Vestal, says, "I purchased a vehicle from Vestal recently and the whole process was easy, professional and simply put the very best. I'd been looking to buy a GMC Sierra near Greensboro for a while now. Until I met with Vestal, I was unable to find a good model at a reasonable price. My sales rep, Ira, was incredibly well informed and helped make my purchase a smooth experience! I know for sure I'll be returning to Vestal in the future for any car-related needs."

Those looking for more information about Vestal Buick GMC may visit the company's website. In addition to the website, Vestal Buick GMC also has a Facebook page where they post updates on their inventory, interact with their customers, and also conduct giveaways.
