Fast Eddys Keys Express Provides Lock Out Service And Keyless Entry Systems

July 30, 2019

July 30, 2019 -
Fast Eddys Keys Express, a locksmith based in Minneapolis, Minnesota, is pleased to announce that they provide lock out service for anyone who might be locked out of their home, business, or cars. Fast Eddys Keys Express has been in operation since 1985 and is active across Minneapolis, including St. Louis Park, Edina, Richfield, Bloomington, Golden Valley, Uptown, Southwest Minneapolis, and South Minneapolis, University of Minnesota, providing residential, automotive, and commercial locksmith services.

Edward Mann, the founder of Fast Eddys Keys Express, says, ?Lock out services are needed. It happens. In fact, the average person is locked out once every three years. People are people and they often leave their keys inside their homes, their cars, or their offices. Then they panic. There?s no need to worry, though. If you are ever locked out, don?t hesitate for a moment to contact us. It doesn?t matter where the lockout occurred, we?ll immediately dispatch one of our certified locksmith experts. They?ll be there in under 30 minutes and they?ll take care of the situation for you.?

Mann continues, ?At Fast Eddys, we have a team of highly skilled, determined, and versatile locksmith technicians. I vet every one of our hires. They all have extensive experience in engineering, lock-picking, and bypassing any security lock system?whether it?s modern or not. No matter how extensive or complicated it is, we?ll take care of it for you. We?ll unlock your door in as few as five minutes without any damage to your door or your lock, in any way, shape, or form. In fact, if my team of dedicated locksmiths is unable to get your door open in under half an hour, there?s no cost to you. It?s 100% free.?

?I am Fast Eddy, after all,? Mann says, explaining his nickname. ?I got it back in the 90s thanks of my skill and speed in locksmithing. Whenever someone needed any kind of locksmithing service, you bet I was there and I got it done quick. The community gave me the name and it?s stuck ever since.?

Mann does stress, however, that having keyless entry systems is a viable and, in fact, better alternative to keys as it results in fewer people locking themselves out. While originally used mostly for vehicles, keyless systems have gained more popularity in recent times as an alternative for locks in homes and offices. Mann

says, ?I actually prefer keyless security systems. It might sound counterintuitive, considering that I make a considerable portion of my living helping people who lock themselves out, but the truth is, it?s not about the money to me. A keyless system is simply better for the people. Not only does it result in fewer people locking themselves out and enduring panic and fear, but it is also actually the more secure option. It?s harder to crack through a keyless system than it is with a keyed lock. You can?t just make a copy of the key, after all.?

Fast Eddys reviews all support his commitment to the community. Garrett, a recent customer of Mann, says ?Edward offered simply outstanding service. The man is professional, courteous, and extremely knowledgeable what he does. On top of all that, he is also affordable! Our front door lock gave out as we were leaving for dinner and he was on the spot within the hour. He did all he could to save the old lock so he could save us money, but this was one of those times where there was no choice but to change the lock. He changed it and did the whole thing well. The work was great and the man, greater. Highly recommended. Will call him in a heartbeat again.?

Another customer, Flynn, says, ?Fast Eddys certainly lived up to their name! I needed some quick re-keying and used the request a quote function on Yelp. Didn?t even have to wait 20 minutes and they called back. My house was re-keyed that afternoon, without any fuss. They were prompt, quick, and reasonably priced. Would absolutely recommend them.?

Those who wish to hire the services of a certified Minneapolis Locksmith expert may contact Edward Mann of Fast Eddys Keys Express to learn more. Clients and other interested parties may also follow the company on their Facebook and Twitter pages, where they regularly post updates and links to informative videos.
