

GD Design Studio Launches Website Detailing Its Digital Marketing/Design Services

July 23, 2015

July 23, 2015 - PRESSADVANTAGE -

FORT LAUDERDALE, Fla. ? Specializing in graphic design, Web design, and marketing, GD Design Studio, LLC announced today the launch of its new website. This web portal has been built to show off top-notch digital marketing and website design services available for Fort Lauderdale businesses. As the slideshow atop the homepage suggests, the company provides graphic design, website makeover, WordPress customization, and professional copywriting services.

Each service page provides detailed insight into how the respective offering works. With Responsive Web Design, for example, the process is explained and the left-hand section points the visitor in the right direction to fill out a questionnaire or call a Web Expert. These design quote elements can be found throughout the site. Also, a step-by-step explanation of custom website design is provided.

In the ?View Our Work? section, visitors can click on individual icons to see actual results of the company?s services. Examples of WordPress, CMS, and eCommerce sites are provided. Graphic design services are also highlighted in GD?s production of brochures, business cards, catalogs, logos, letterhead, and more. In addition, brand proposal packages for specific clients are demonstrated.

GD Design Studio has also crafted its site to demonstrate service offerings and results for non-profits. Other useful features include customer testimonials. There are also tools for making payments and sending feedback and testimonials online. Content Management System and Custom Website Design FAQs serve as guides to the company's services.

To view GD Design Studio's new website and to learn more about its services and previous work, go to <http://www.gddesignstudio.com/>.
