

Bug Guys Pest Control Receives New 5-Star Review from Palm Desert, CA Resident

August 23, 2019

August 23, 2019 - PRESSADVANTAGE -

Exemplary Residential Pest Control Service and Reliability Earn the Pest Control Company a Glowing Review.

Palm Desert, California ? Bug Guys Pest Control is excited to announce a new review they received from a long-term customer. Customer service is a top priority for Bug Guys Pest Control. The latest review, along with many other pest control reviews, has earned them the top choice in the Indio, CA area for pest control services.

The new review came from Alan from the Palm Desert area. In his review, he expresses that Bug Guys Pest Control has been the most dependable company he has worked with for pest control services. He goes on to further state that he can always count on their technicians to arrive when scheduled. Alan has been a long-time customer of Bug Guys using their residential pest control services.

Alan from Palm Desert, CA says, "I have been using Bug Guys for monthly preventive pest control for about two years. This company exceeds service by their competitors! Who provides service on a dependable

schedule these days? Bug Guys, that's who. I can count on their visit like clockwork. Would you like inside service this month, sir? Bug Guys! Professional service!"

With over 20 years of experience in the pest control industry, Bug Guys Pest Control has helped over 20,000 homeowners get and remain pest-free. Their primary service is residential pest control. Their technicians can eliminate pests, including ants, black widow spiders, insects, rodents, and spiders. Bug Guys Pest Control believes that pests should be dealt with humanely. With live animal trappings for rodents, gophers, and other unwanted wildlife, they are committed to this belief.

The Coachella Valley is home to many pests, including the frightening black widow spider. With residential pest control, homeowners can keep these and many other pests out of their home. Bug Guys Pest Control offers a variety of pest control solutions to meet its customer's needs and budget. From monthly visits to quarterly, Bug Guys can tailor a treatment plan that works best for customers, with no-contracts required.

Owner of Bug Guys Pest Control Tracy Judnich, had this to say about their extensive range of pests they exterminate, "When we say we are a full-service pest control company, we mean it. Our technicians can also assist residential and commercial customers with infestations of fleas, ticks, and ants."

In addition to providing highly effective residential pest control, Bug Guys have eco-friendly options available. The Eco-Smart solutions are practical and safe around children and pets. These are available upon request to customers in the Indio and Palm Desert, CA area.
