July 31, 2019

July 31, 2019 -
Pensacola, Fla. - Independently owned and operated, Pack and Ship Creighton is excited to announce they have recently signed on as a local U-Haul neighborhood dealer to further serve the Pensacola community. The business is a staple for busy local business owners and is a reputable provider of Pensacola FedEx shipping. A partnership with U-Haul will further improve their ability to provide top-notch customer service and accessibility to their busy customer base.

Partnering with U-Haul, customers of the pack and ship business will have access to U-Haul trucks, trailers, towing equipment, moving supplies, and in-store pickup for boxes in addition to their products and services associated with Pensacola post office shipping. In addition to pack and ship services, they are also known as Pensacola's premier copy, print and document services center.

With a partnership with U-Haul, the business will be able to offer their customers new features provided by U-Haul such as ?Truck Share 24/7?, which is a more convenient, more secure way to pick up and return a rental truck. Since 2017, U-Haul Live Verify technology has allowed customers to conduct transactions

entirely on their smartphones at any hour ? day or night with no membership fees.

The U-Haul rental trucks are specifically engineered with families in mind. Each moving truck is equipped with a number of safety measures such as high visibility mirrors and specialized suspensions to reduce movement of the cargo. The pack and ship business offers a variety of sizes for any moving job, big or small.

?Best Uhaul experience I have had. Great friendly staff. Got me taken care of and did everything to make sure that we had everything that we needed. Model store, locally owned & operated and you can tell by the way that they care about their customers and take care of them,? states one satisfied customer.

Warrington Business Center partners Tommy and Tom Armstrong are proud to team with the industry leader in do-it-yourself moving and self-storage to better meet the demands of Escambia County.
