August 05, 2019 - PRESSADVANTAGE -

Pensacola, Fla. - Doodlebuggers, a provider of grills in Pensacola, launched their new website on August 1, 2019. Doodlebuggers wanted a new change in the look, style, and accessibility of their website. They are very excited to have released their new website; it will be a great benefit to all their clients.

The design of the website has been finished. This new design is very slick and sharp, and the color scheme of the site gives a more localized feeling of the Pensacola area. Doodlebuggers has been a local Pensacola business since 1998. They understand how residential and commercial homes are built in the Pensacola area and want their website to reflect that.

"As a customer, you are entitled to be treated exactly as we want to be treated when we are someone else's customer," says a Doodlebuggers worker.

They have the website concentrate more on the services and products that they offer. With the services and products highlighted, they also want their clients to know they have multiple locations. Their locations include Pensacola, Destin/Ft. Walton, and Alabama which they show on their website.

Going along with style, they made their website easier and accessible. All their locations are listed as well as their services. This makes it very easy for new potential clients to get the help they need instantly. If an individual need air duct cleaning in Pensacola, they can click on the desired block. This will take them to a page dedicated to their air duct services. It will be detailed to contain services, frequently asked questions, testimonials, and more.

Doodlebuggers wants their new website to benefit their customers and reflect their locality. They want Pensacola citizens to know that they have experience in their services and also experience in their surrounding area, as well. Doodlebuggers also want their customers to be able to navigate through their website with ease.

Beej D, who is a loyal customer of Doodlebuggers, stated, "As always, they [Doodlebuggers] provided incredible and quality customer service. Scheduling is done with great care and attentiveness. Online service request form worked like a charm, and I will most certainly be scheduling my next service with Doodlebuggers."
