

Terence Gross Celebrates 40 Years as a Lawyer

August 05, 2019

August 05, 2019 - PRESSADVANTAGE -

Fort Walton Beach, FL. - Terence Gross, the Fort Walton Beach Personal Injury Lawyer of Gross & Schuster, celebrates 40 years of being a lawyer this year. His experience provides the background for the emphasis of his practice. With extensive litigation experience, he has earned his client's trust.

"One thing I taught my sons about our practice is that we want educated clients," Terence Gross states. "The more our client knows, the better off we all are. I spend a lot of my time to try and educate them, so that they can understand, because this could be their first accident of their life and they never looked at their car insurance policy and they don't understand Florida no-fault law. We do a good job explaining things such as how long it may take and the laws that may be in play."

Terence Gross and Charles Schuster created the partnership to help individuals on the Gulf Coast that been injured in car accidents and other personal injury cases. The law firm specializes in cases dealing with animal attacks, maritime, premises liability, and car accidents.

Keri J, a previous client of Gross & Schuster, stated the following about Terence Gross, "My experience with Terence Gross was nothing less than excellent, as he is caring, ethical, innovative, and brilliant. I had never needed a lawyer in this capacity before so the whole process was new to me. When I did have

questions, his responses were always very thoughtful and thorough. He was able to sort out every roadblock that came up in this case successfully so far and I don't think most attorneys would have the experience, ability, or fight to do so. I can't wait to see the final outcome. I would recommend him highly. If you need a real competent lawyer in Fort Walton Beach or anywhere in the Panhandle for that matter this is my choice.?

In order to stay abreast of emerging changes in the law, the Fort Walton Beach Car Accident Lawyer regularly conducts continuing legal education programs, is a frequent speaker at personal injury seminars for the attorneys in the area, teaches at Pensacola State College in the paralegal program and has published articles on Florida insurance laws. Terence Gross has handled thousands of automobile negligence cases and strives to obtain just compensation from insurance companies that are too reluctant to pay valid claims against their insureds.

Congratulations Terence Gross, on a job well done. For more information regarding Gross & Schuster, P.A., please call (850) 434-3333 or visit their website at <https://grossandschuster.com>.
