

Bob's Towing Now Providing Fast Towing Service In Oklahoma City, OK

August 08, 2019

August 08, 2019 - PRESSADVANTAGE -

Bob's Towing recently established their towing service Oklahoma City, OK area and are now inviting customers to call on them when road assistance is required. The company opened their doors during the first quarter of 2019 and are already looking forward to extending their service coverage in order to bring their expertise to a wider area.

Rio Brewer, a representative of Bob's Towing, asserts, "Since our arrival at Oklahoma City, we have had one clear goal: To provide the best services within the area at an affordable price. We believe we have delivered in both, as we have seen a great response from members of the community, who have continuously shown their support by putting their trust in us to aid them during emergencies. We will continue striving to provide a better service and looking for new ways to improve upon the traits that differentiate us from our peers.?"

The company offers road assistance and towing services, giving Oklahoma drivers a reliable option to count on during their trips across the state. According to the company, they pour all of their efforts into maintaining a fast response time in the event of an emergency, as they understand how frustrating it is for their clients to be stuck in such a situation. This is further demonstrated by the fact that Bob's Towing's services are

available 24/7, giving Oklahoma City residents access to a reliable road assistance company regardless of the time of the day, and ensuring they experience the least discomfort possible.

"Being stranded on the road is not only frustrating but it is also unsafe," notes Brewer, adding, "You are out there, exposed to the weather, and in a dangerous situation. It is certainly not a situation you want to be in, especially if you are travelling with loved ones who have to go through this difficulty as well. It is for these reasons that the bulk of our efforts go towards offering a quick response and a convenient solution, getting our clients out of trouble as soon as possible."

Although the company specializes in towing, covering every single one of their clients' needs from emergency to long-distance or local towing, they also provide other road assistance services. For instance, Bob's Towing also offers Jumpstart Services, Car Lockout Services, and Winch Out Services, addressing some of the most common emergencies that travellers encounter on their trips. Bob's Towing proudly features a long list of positive customer reviews on their website, which illustrates the great appreciation and support that the local community has shown the company since their arrival in Oklahoma City. One of the most recent comments from Steve Burkholder states that they, "Had excellent service. We had alternator failure, and it was in the evening after the shops closed. Bob's Towing arrived at our vehicle in the time frame he estimated. They were also very helpful by taking us to a shop that could fix us in the morning and had a motel in walking distance."

Another piece of feedback was shared by Adam Rogers, who says, "From the very first contact I had with the company, they were something else. They took great care of me and went out of their way to make sure they were accommodating my needs. They assisted me in getting my car towed to a nearby repair shop and, when it turned out it was closed, they did not have any problem taking me to another one. Their prices are affordable, the customer service is great, and I do not have any complaints about their towing services. One of the best companies in Oklahoma City."

The company's website includes more information about its various services.
