

Roofing Company In Calgary Receives High Praise In New Customer Review

August 12, 2019

August 12, 2019 - PRESSADVANTAGE -

Calgary, Alberta based No Payne Roofing, Inc. recently received a 5-star review praising the company for their high quality service. This review is only the latest in a line of similar reviews regarding the company's work.

The client, Brendan Rothwell, discovered a minor leak coming from their roof space that caused minor cosmetic damage. Since they could not find the cause of the leak, they decided to contact No Payne Roofing. "A call to Mike Payne resulted in an on-site inspection within the hour, a swift and accurate assessment of the cause, and a realistic timeframe and cost to resolve," says the client. "Mike's team were on-site the next business day, initially working to plan and then figuring out a more specific and effective ultimate fix for the cause of the problem as they worked: all with Mike's input and approval in real time over video chat!"

Rothwell then goes on to say, "I doubt you'll find a more efficient, courteous, knowledgeable, and customer-focused team here in town. Every step of the way, Mike's guys (Brody and Nolan) ensured that I was informed and comfortable with the planned work. Minimal disruption, maximum results!"

As one of the most affordable roofing company in Calgary, No Payne Roofing is dedicated to maintaining the highest standards possible. The company offers reliable, fast, and courteous service combined with unmatched quality craftsmanship at the most competitive prices in the area. Having the highest quality roofing, and utilizing only trusted roof repair services, is very important for any homeowner. Using substandard materials or contacting cheap, unreliable roof repair companies can leave one's home exposed to the elements, which can cause serious, expensive damage to the inside of the house and even leave the occupants exposed to a number of dangers they otherwise would have no reason to worry about.

As the company states, "No Payne Roofing is your trusted roofing partner, catering to a wide range of commercial and residential roofing services. This includes siding and eavestrough repair in Calgary that comes with full 10-year warranties." They offer a number of services beyond repairs and replacements as well. Roof inspections can help identify and resolve potential issues before they become serious problems and can be a valuable tool for any homeowner looking to avoid expensive repairs and the inconvenience of a damaged roof. Maintenance can also help fix minor flaws and issues, thus extending the lifespan of a roof.

The two services that No Payne Roofing are best known for are repairs and roof replacement. A damaged roof can only get worse and, additionally, more expensive to repair over time. It is important to get it fixed as soon as the problem is discovered, and No Payne Roofing offers roof repair solutions to help clients patch up their roofs with minimum delay. Eventually, however, a roof may reach the end of its lifespan and require total replacement. No Payne Roofing can help here too. They state, "If your roofing has reached the end of its lifespan, there's no need to worry. We deliver the best and most precise roof replacement services." The company also offers brand new roof installations.

Brendan Rothwell is not the only client that praises the company's high quality services. Another 5-Star review from Alim Peerani reads, "I reached out to Mike at No Payne Roofing, since we had a leak in our kitchen exhaust and I had no idea who else to contact. I chose No Payne based on their excellent reviews and high ranked customer service. Mike put me in touch with their siding expert (Dan). Dan showed up early the day of our appointment, had excellent communication leading up to the repair date, was very professional, and completed the repair at a great price! I wouldn't hesitate to recommend Mike and No Payne Roofing to any of my friends! Amazing to deal with!"

Homeowners in Calgary looking for a reliable roof installation, repair, and replacement service are encouraged to contact No Payne Roofing, Inc. They may also read more reviews at the following link: [No Payne Roofing Customer Review](#).
