TNL has announced that they have recently expanded into the Houston, Texas area and have established their office there known as TNL Houston #1. They provide cash assistance to people in the Houston area and nearby areas. Those who are interested in getting cash assistance will need to have a car title. But there is no need to worry about credit history or credit score. More information about their new location can be gleaned at <https://www.thenetlender.com/locations/tnl-car-title-loans-houston-1>.

A spokesperson for TNL Houston #1 says, "You may be surprised to learn that residents applying for cash assistance in Houston do so for a wide variety of reasons. The financial assistance provided requires you to have a vehicle and the amount you can borrow is determined by the worth of your vehicle. This means that you will not need to be concerned about your credit history, which is one reason why our type of cash assistance has become fairly popular in the Houston area, as well as across the state."

He continues, "Sometimes the need for emergency funds arise and this can be a very worrisome and stressful time. The traditional assistance available from banks might not be an ideal option for you and that's okay. TNL is here to help you acquire the cash you need for an unexpected expense or emergency financial

situation. Or maybe you simply want to take a vacation. Regardless of your reason for needing money fast we can definitely help.?

The make and model of the car will be used to determine the amount of cash that the client can receive and this can be up to \$10,000 or more. Usually, TNL only accepts vehicles that are not more than 10 years old, but there may be times when older cars may be considered when applying for the cash assistance in the Houston area.

For instance, the car may be 15 years old but it has low mileage and in excellent condition. This will qualify the owner to a cash assistance based on the car title. Thus, those who are interested are encouraged to call TNL to really find out if they qualify. Inquiries will be obligation free no matter how old their car is. Those who are interested may also want to be kept informed regarding press releases about TNL through their Press Advantage Houston Texas media room.

The TNL spokesperson further explained that the cash assistance being offered for a car title are for those times when an unexpected expense is encountered. These may include medical or hospital expenses; expenses incurred for vacation, holiday, or business travel; sudden need for repairs for the car or house such as when they get damaged by a storm; and school tuition and other expenses.

In summary, the type of cash assistance being provided by TNL is ideal for those money situations that are time-sensitive. However, some people may also find it to be helpful for other routine expenses. The company will actually not be concerned with how the client will be using the money and the client will have full control on where to spend it.

Those who have already tried using the cash assistance being offered by TNL have provided mostly positive feedback.
