

Epcon Introduces ?Business Blueprint?

August 21, 2019

August 21, 2019 - PRESSADVANTAGE -

Epcon Franchising is proud to introduce their ?Business Blueprint? to its Franchise Builders. The blueprint allows Epcon Franchise Builders to access the company?s expert team, and proven plans, systems and processes which help each builder think bigger, build smarter and scale faster to maximize ROI.

Epcon Franchising and its franchise builders have developed nearly 400 communities in 28 states, and each year the number of homebuilders joining as an Epcon Franchise Builder grows.

The company is strategic with helping Franchise Builders by teaching the core strategies and processes of home building to ensure builders can efficiently develop entire communities. Epcon achieves this by giving builders access to a nationwide community of builders who collaborate and share ideas and strategies with each other to help their businesses grow. Franchise Builders also receive marketing tools and sales training that helps them to sell homes quickly. Epcon Franchising even provides access to industry leaders and the deep industry knowledge of a national builder. Proprietary tools and methods are shared to help builders budget, measure costs, and maintain their margins throughout the process.
