

M/I Homes Prosper Texas is Featured on Builder Hot Spots

August 27, 2019

August 27, 2019 -

M/I Homes have been building new homes for over 40s years. Founder Irving & Melvin Schottenstein started their journey in the new home construction in 1976. Their first success in the real estate industry started from building thousands of apartment complexes. They were the pioneer developers of one of Central Ohio?s first golf course communities in Ohio. M/I Homes was founded in Columbus, Ohio by two cousins Melvin and Irving Schottenstein. By 1979 M/I Homes became Central Ohio?s #1 new home builder.

To set them apart from everyone else, they stuck to their core values by treating every client like family. They continue to focus on quality, features, and benefits on every home they have built. Their first year they sold 96 homes. These core values have allowed them to thrive and expand nationally throughout the United States in 12 markets.

Although Mr. Schottenstien is no longer here today, his love and passion still remain throughout the company. M/I Homes are known for their spacious open floor plan, natural lighting due to large and window

placement, attention to detail, and stylish and modern look.

M/I Homes are currently building in Sunnyvale, Colleyville, Garland, Celina, Frisco, Prosper, and McKinney. Their price points range from the $200,00?s up to the $1,000,000?s. Those who are interested in finding out more information on homes in the Dallas Ft. Worth area, please click here to see the neighborhoods where M/I Homes are building today.
