Denver SEO Firm Offers Free Google My Business Analysis

August 28, 2019

Centennial, Colorado - August 28, 2019 -
Get Found Fast, an SEO firm based in Centennial, Colorado, that offers services in the Denver area and surrounding areas, has announced that they are offering a free Google My Business (GMB) analysis. They want to point out that the latest modifications to GMB can mean a lot for local business owners. Despite abandoning Google+, which was Google?s attempt of establishing a social platform, they have learned many lessons from Google+, foremost of which is that Google is for business. With the additions that have been made to GMB, local business can benefit greatly from it.

Get Found Fast is now offering a free analysis of a business? GMB page. GMB has improved vastly because Google has integrated some of the social aspects of Twitter and Facebook into GMB, such as encouraging posting about the business, featured offers, making offers, and more. Furthermore, Google has also provided more areas for talking about the products or services, and photo areas where the business owner and customers can post something about the business.

Business owners can optimize their GMB page by completing the various sections that are available, such as posts, info, reviews, messaging, photos, website, and ads. To make sure they are doing it properly, business

owners may want to request the help of the Denver SEO firm, Get Found Fast, and this starts with the free analysis.

Kenny Marks, managing director at Get Found Fast, says, ?If you need help maximizing your GMB, this is a big part of what we do and we can help. Give us a call and we can put together a plan just for your business. We are experienced Denver SEO providers and full service digital marketers.?

He continues, ?We would like to welcome you all to Get Found Fast, a locally owned Denver SEO company. We provide complete Internet marketing services for local to national businesses. Our services include SEO or search engine optimization, web design, social media management, reputation management, pay per click advertising and much more. We serve clients in Denver, Colorado and nationwide.?

Aside from the GMB page, Get Found Fast also offers a free marketing analysis for businesses that includes a website analysis; analysis of call to action strategies; analysis of social media visibility; analysis of pay per click advertising and other marketing; mobile friendliness inspection; analysis of SEO ranking for top keywords; and analysis of content strategy and writing.

The services provided by Get Found Fast are with regards to SEO, web design, search engine marketing (SEM), social media marketing, video marketing, reputation management, and Local Services by Google. The new Google Local Services ads provide ?home services? businesses a new way of advertising on Google. This Google platform highlights the businesses and offers searchers an easy way to contact the businesses, either through a phone call or messages sent through the business? Local Services ads by Google app. Meanwhile, this new app lets the businesses reply to messages, manage leads online, and track appointments online.

Another feature is the Google Shield Google Guaranteed Badge, which is a certification in which a business has to qualify based on certain terms. Get Found Fast can also help businesses in walking them through the process of certification. Businesses that are able to obtain the certification can display a ?Google Guaranteed? badge on their profile page and this will serve to increase customer trust and website visitor conversions into leads. This is because customers who book a Certified Local Services provider are protected by the guarantee.
