Builder Hot Spots, a company based in Plano, Texas, has announced that their website now features homes built by MainVue Homes at Ridgeview Crossing in Allen, Texas. Ridgeview Crossing is a new home community in Allen that features various amenities, such as open spaces; community playground and park; a community center with barbecue pit, veranda, and a resort-style pool; hiking and biking trails; rock-climbing wall; wakeboarding park; and a large outdoor skate venue. The community is also within short walking distance to the state?s biggest data center, CyrusOne.

Cat Nguyen from Builder Hot Spots says, ?We?re really excited to feature the homes built by MainVue Homes at Ridgeview Crossing. These homes are provided with luxury finishes. These include gourmet kitchens, signature outdoor living features, modern and stately exteriors, luxurious baths, energy efficiency, designer features, thorough electrical usage details, and guaranteed quality assurance.?

Allen is an attractive and exciting place to reside in the state of Texas. Not only does it offer championship

hometown high school football, but it is also a wealthy suburb that combines small town hospitality and big city features. This is because it is only 23 miles northeast of the Dallas-Fort Worth metro. Thus, Ridgeview Crossing has developed into a tight-knit community where people are surrounded by family, friends, lucrative employment, and football. Meanwhile, in terms of home builders in Ridgeview Crossing, MainVue Homes is in the lead with half of the 262 homesites in the community to be built based on the builder?s bestselling designs.

Cat Nguyen explains, ?The homes from MainVue Homes feature dynamic entertainment rooms, master suits with stand-alone soaking tubs, and signature sliding window walls. These quality homes are well-placed at Ridgeview Crossing with its wide roads and easy walk-to-school routes.?

Various home designs are available for the homes to be built by MainVue Homes at Ridgeview Crossing. These are the Aruba Q2, Bali Q2, Iona Q1, Lanai Q2, Barcelona Q2-7, Iona Q1, Prague Q2, Bonaire Q2, Lyon Q2, and Capri Q2.

The Aruba design features contemporary connectivity. It has a large guest room with private bathroom; separate study off foyer; grand butler?s pantry with walk-in pantry; a soaring double great room; leisure room on the second floor for extra entertainment space overlooking the great room; master bedroom with drop-in soaking tub and wide walk-in closet; signature outdoor room; and two secondary bathrooms with walk-in closets.

The Lanai design features luxury with balance. It features a private study off foyer; dramatic two story covered porch; huge guest suite on main floor with private bath; soaring two story foyer; luxurious master bedroom with walk-in closet and drop-in soaking tub; leisure room situated on the upper floor overlooking the grand foyer and great room below; signature outdoor room; and two secondary bedrooms with walk-in closets.

The Bali Q2 design is on display at Ridgeview Crossing and features a home that is scaled to perfection. It features a separated study off foyer; dramatic double story covered porch; soaring two story great room; guest room on main floor with private bathroom; signature outdoor room; perfectly positioned leisure room on the upper floor for additional entertainment space; luxurious master bedroom with wide walk-in closet and free standing designer tub; and grand butler?s pantry with additional walk-through pantry and direct access to a 2 car garage.

The Iona design is all about people intentionally outdoing themselves. It features a soaring two story foyer and great room; a private study off foyer; luxurious master bedroom with expansive walk-in closet and drop-in

soaking tub; gourmet kitchen with stainless steel appliances; walk-through butler?s pantry; signature outdoor room; three secondary bedrooms with walk-in closets; and a perfectly positioned leisure room on the upper floor overlooking the great room and grand foyer below.
