Moving company, Patriot Logistics, LLC, occupying an office space in Century Office Park, has recently expanded into a larger location.

Patriot Logistics Services, LLC is focused on providing high-quality service and customer satisfaction for all transportation needs; specializing in long and short haul trucking, including agricultural and regional shipping.

Patriot strives to keep extremely quick response times and retain the most competitive prices. Their core beliefs consist of offering the best services at the fairest market price, honest and ethical business practices, giving customers a sense of urgency, and investing back into their employees.

"We know that our customers have customers that drive their business, and we want to be a positive reflection of their overall product. We feel we can accomplish this by communicating effectively and honestly with all applicable parties the first time. We absolutely understand that we are as good as the truck that arrives at your shipping facility," says Patrick Anton owner of Patriot Logistics.

Patriot Logistics has the ability to execute the following shipments, but not limited to: full truckload (flatbed/dry van/refrigerated,) LTL, consolidation, expedited, intermodal carload, international, and warehousing / distribution.

Patriot Logistics moves partial and consolidated home and farm equipment for implement dealers, many of whom sell equipment online. Once sold, Patriot Logistics can be the least expensive option to deliver the products. They also ship all varieties of steel and coal, finished or crated. Additionally, Patriot offers warehouse storage for long or short-term storage, along with distribution options.

"We have customers that have us handling their warehousing and distribution; one in particular has us distributing to restaurants in the Northwest through a courier, as some of the product volume is less than a pallet," adds Anton.

Patriot's recent move into a larger location has allowed their business to grow and take on more clients.
