

Dor-Mar Offers Air Conditioning Maintenance

September 04, 2019

September 04, 2019 - PRESSADVANTAGE -

Dor-Mar announces the availability of air-conditioning maintenance services to customers in Ohio. One of the premier HVAC repair and maintenance providers in the region, Dor-Mar services customers from Columbus, Newark, Zanesville, Lancaster, and other surrounding communities.

Dor-Mar's air-conditioning maintenance program is provided according to a regular schedule, helping ensure optimal performance and reliable service. The company's maintenance services also keep air-conditioning units in compliance with manufacturers' warranties.

Air-conditioning units typically get a lot of use during the summer months, resulting in considerable wear-and-tear. With its maintenance programs, Dor-Mar helps increase the efficiency of air-conditioning systems and prevent costly issues. Customers that avail of the company's maintenance services can keep their cooling systems functioning in optimum condition and reduce the risk of failures that may require expensive repair or replacement.

Customers in Ohio can save a considerable amount of money on repairs with the help of Dor-Mar. With air-conditioner repair costs typically ranging from \$250 to \$400, addressing problems as soon as possible via preventive maintenance is a more cost-effective option.

Dor-Mar also supplies a wide range of HVAC systems and products. With a product line that includes air-conditioning and heating systems, heat pumps, water heaters, thermostats, and more, the company is one of the premier providers of quality cooling and heating equipment in Ohio.

The company's maintenance services come in four packages, with one to five-year coverage. Each package includes one free service call per year and 15% off on all parts.

About Dor-Mar

Dor-Mar Heating and Air Conditioning was founded in 1962 and has been serving the communities of Newark, Columbus, Zanesville, and Lancaster ever since. With a clientele that spans the breadth of Ohio, the company has become one of the leading providers of quality HVAC solutions in the region for over 50 years. Having started as a door-to-door operation, Dor-Mar has grown to be one of the biggest heating and cooling service firms in the state. Even today, the company continues to be a family owned and operated business, with every aspect of its operations provided with the highest standards of quality and service. Dor-Mar was recently recognized as a "Top Team Contractor" by Rheem & Coleman, due to its outstanding record of service and integrity.
