

Personal Injury Attorney In Savannah Releases Infographic On How Car Accidents Can Affect Insurance Rates

September 10, 2019

Savannah, Georgia - September 10, 2019 -
The Brown Firm, a law firm specializing in personal injury and car accident based in Savannah, Georgia, recently published an infographic detailing how a car accident can affect an individual?s insurance rates. The firm?s car accident injury lawyers specialize in getting clients the compensation they deserve for lost wages, medical bills, property damage, pain and suffering, and quality of life.

Harry Brown Jr., a representative for The Brown Firm, says, ?A motor vehicle accident is an extremely stressful situation but, unfortunately, the stress doesn?t stop any time soon after the accident. There will be many things to resolve, including medical bills, property damage, and potential legal actions to be taken. Having your car insured makes it possible for you to get help to pay for the damages to your car, passengers, other drivers, and yourself. However, since insurance companies lose money every time they have to repair or replace your vehicle and they have to make money, too, you will very likely be charged with surcharges, depending on the particulars of the situation.?

The factors that can affect such a situation include who is liable for the accident, the driving history of the

drivers involved, time between accidents, the severity of the accident, and accident forgiveness. All of these different factors are explained in detail?and in a manner that is easy to understand?in the infographic created by the Brown Firm. Those interested in reading it in full may check out the infographic here.

Commenting on their motivation to create the infographic, Brown Jr. says, ?The insurance system is very complicated and not everyone has an understanding of how it all works, so we created an infographic to educate the community.

Harry Brown Jr. is considered one of the few attorneys who also has experience as a medical practitioner. He says, ?I worked as a chiropractor for over ten years and I treated a lot of automobile accident victims during that time. That experience taught me what people want and need from an attorney in that situation, and so I opened The Brown Firm to focus on providing great customer service. My mixed experience means that I know how to work with other attorneys, healthcare providers, and insurance companies to get the best possible outcome for my clients.?

The Brown Firm?s commitment to their local community and dedication to justice is reflected in their reviews. A five-star Google review from Mason Donovan, a Local Guide for Savanna, reads, ?I was looking for a Personal Injury Attorney in Savannah, and Harry Brown personally took care of any questions I had for him. He has Car Accident Lawyer offices in Atlanta too. He is never greedy and charges less than the other guys. Go here if you want the most money for your accident injury settlement!?

Another five-star review by yet another Local Guide, Rhonda Stavely reads, ?This is the best law firm if you are looking for people that care about you and your case. Adam Saxe took very good care of us. Very professional and we loved the way he kept us up to date and in the loop concerning everything. I most definitely recommend them.?

In addition to providing excellent assistance in the spheres of law, the Brown Firm is also involved in several community outreach programs. Their staff have volunteered their spare time for several events throughout our community. Brown Jr. says, ?This community serves us every single day and we understand the importance of giving back to them. We try to involve ourselves wherever we can help, but we are especially passionate in supporting our military through numerous local events.?

Those who are looking for more information about the Brown Firm may visit their website to learn more. The website also provides the means for interested parties to get a free legal consultation. In addition, the Brown Firm also has a presence on both Facebook and Twitter, where they post frequent updates, share legal advice and tips, and otherwise engage with the community.
