Furnace Repair Company In Mississauga Introduces Just Right ? System Maintenance & Safety Inspection Membership

September 11, 2019

September 11, 2019 - PRESSADVANTAGE -

Bulldog Heating & Cooling Mississauga, based in Mississauga, Ontario, Canada, has announced that its partner, Peel Heating & Air Conditioning has introduced its Just Right ? System Maintenance & Safety Inspection Membership. Peel, aside from offering heating and air conditioning services, is also a furnace repair Mississauga Ontario company.

Those who enroll in the Just Right ? System Maintenance & Safety Inspection plans will be able to ensure that their system will be properly maintained and always in top condition. Other benefits include the extension of the system?s life, prevention of costly repairs, savings on energy costs, and 100 percent satisfaction guarantee.

The Just Right! Check-Up Plan offers Peel?s 12 Point Check-Up. This includes checking and adjustment of gas pressure; checking and inspection of all electrical connections/safety switches; checking of ignition and flame sensor; checking for temperature rise; checking of carbon monoxide venting and free air; visual scoping of heat exchanger; checking of all pumps and compressors/condensers; running of system in all

stages; inspection of all filters, venting and ducts; checking of all operational controls and thermostat; checking of all hoses and lines for cracks/leaks; and visual inspection for cleanliness and debris. This plan will also include a 10 percent discount on indoor air quality products, duct cleaning, filters, parts, and diagnostic fee. It also includes guaranteed service within 24 hours.

Meanwhile, the Just Right!® Protection Plan from the furnace contractor Mississauga residents can count on, is a basic furnace protection plan. It includes annual efficiency tune-up and safety check; 20 percent savings on all repairs (for those not under warranty), duct cleaning, and indoor air quality products; appointment times guaranteed within 12 hours; preferred diagnostic fees; 21 point inspection; availability of expert technicians 24 hours a day, all year round; and 100 percent satisfaction guarantee. Peel will pay if any repair work fails within one year.

And the Just Right!® Protection Plan Plus offers annual efficiency tune-up and safety check; inclusive repairs of up to \$1,000 annually, with no age limit for the equipment; appointment times guaranteed within 12 hours; 21 point inspection; preferred diagnostic fees; savings on filter prices; 30 percent discount on duct cleaning and all indoor air quality products; availability of expert technicians 24 hours a day, all year round; and 100 percent guaranteed satisfaction.

Services offered by Peel include furnace installation, furnace repair, furnace maintenance, air conditioning installation, air conditioning repair, hot water heater installation, tankless hot water heaters, and duct cleaning.

Peel has designed trademark guarantees for the peace of mind of clients, so that they have one less thing to worry about regarding their home temperature systems. One such guarantee is called No Loopholes®, which means that if the customer is not satisfied with the work within 2 years after installation, the company will return the original investment and remove the system.

The No Hassles® guarantee says that if the system they have installed breaks down within 2 years of its set up, they will repair the unit within 24 hours of the time they were called or give the customer \$1,000 for the inconvenience. The Just Right® guarantee assures that the system they have set up will serve its function for a full five years without more 2 degrees C of temperature variance. If not, they will fix the unit, including replacement of entire system, at no cost.

And the We Respect You® guarantee assures clients that they can expect courteous, efficient, and integral from all of the company's technicians. If not, they will provide the client with a full 5 Year Just Right!® Check-Up Protection Plan.

To date, Peel Heating & Air Conditioning has installed more than 30,000 furnaces, services more than

10,000 homes, and has a 4.7 overall rating on Google reviews. They have been servicing families in Brampton, Mississauga, and the Greater Toronto Area's West Areas since 1981.

Those who are interested in the protection plans offered by the furnace company Mississauga ON residents can depend on may want to visit their website or contact them through the phone or via email.
