The La Costa dental clinic's commitment to their patients has earned them a positive reputation in the community. In her five-star Facebook review, Bethia Hsaw says, "Dr Sandler and her staff are exceptionally knowledgeable and passionate about what they do. From the front desk, to the hygienist and the doctor themselves, the staff genuinely go out of their way to care for their patients. Apparently, I'd been caring for my teeth improperly all of my life before coming to Dr. Sandler's office. No other dentist I'd previously seen had ever taken the time to correct that, but the staff at Dr. Sandler's office patiently showed me how to brush and floss my teeth."

Hsaw continues, "I've also had a wonderful experience with the hygienists Veronica and Pam; they are so gentle and make you feel very comfortable. Other hygienists I've seen had been rough and always made my gums bleed, not so here! I can't say enough about this dental clinic. Although I'm now living and working further away, I still choose to come see Dr. Sandler, not only because she's good at what she does, but she and her staff truly care about their patients. I love it here!"

Another patient, Yael Goodman-Korda says in her 5-star Facebook review, "My gosh, this place was the best experience I have ever had. Dr. Sandler, who is terrific, explained things to me in a way I understood; she showed me my teeth with such advanced equipment in a way that I saw where I don't reach with my toothbrush, and it was so pleasant and professional. I was always so scared to go to the dentist but now I'm looking forward to my treatment!"
