

Vestal Buick GMC Comments On GMC Buying Incentives

September 23, 2019

September 23, 2019 - PRESSADVANTAGE -

Kernersville, North Carolina based car dealership Vestal Buick GMC recently commented on the buying incentives offered by GMC. The company is a family-run Automobile Dealership offering both new and used cars at a reasonable price. More information about the company can be found at the following link: [GMC Sierra Trucks for sale](#).

Chris Vestal, a representative for Vestal Buick GMC, says, "In the second quarter of 2019, GMC Sierra sales have decreased by 4%. The decline in sales is understandable, actually, considering that the brand new 2019 Sierra 1500 model launched during this period. These factors might explain why GMC has offered a rebate for select models of Sierra HD—they want to move more units of the outgoing generation of their heavy duty pickups. The 13% reduction in price means that some total discounts can be more than \$9,000 dollars!?"

Vestal continues, "The rebate is actually a great offer for anyone looking to purchase a brand new GMC model. In fact, visiting the GMC website actually shows a large number of buying incentives, for different models, and they are all very good offers. Another option, of course, is for you to simply buy your GMC truck from a dealership like ours, where we try to provide the best value for the vehicles we sell."

Vestal Buick GMC began serving the Kernersville and the Greater Triad Region of Greensboro, Winston-Salem, and High Point, North Carolina all the way back in 1966. The company serves as a full-service dealership with a service department, a parts department, body shop, tire express, and express quick lube service. According to Vestal, their central, easy-to-access location, and the excellent value they provide is what makes them the perfect choice for people in the area who are looking to get their vehicle serviced or simply wish to buy a new vehicle. Vestal Buick GMC's dedication to providing a comprehensive service for their customers and putting their

customers? needs first has earned them a positive standing among local communities. The website Dealer Rater, a service that collects real customer reviews for automobile dealerships, rates Vestal Buick GMC at an average of 4.9 stars. A five-star review left by Grace Land Solutions reads, "I really don't enjoy buying cars anymore until now; my experience with the staff here at Vestal GMC has been refreshing. Was very easy and low pressure, everyone answered my questions and helped with the process where they could. Ira Douglas was a big help."

On Google, where Vestal Buick GMC has an overall rating of 4.5, Marcel Hernandez-Jara's five-star review says, "This dealership is truly one of a kind and they do business the right way. They provide great service on and off the lot. All their staff was attentive and very professional. I really like how hands on they are throughout the entire buying process and how they provide exceptional customer service. They hands down won my business and my family's business for life. I know I can count on Eddy and Josh Vestal, thanks for everything, guys!"

Another five-star review, left on Facebook by Gina Cowart Layton, reads, "My Valentine's Day present was an unexpected \$400 repair to my Chevrolet truck, but I am very grateful to the technician, Brendan, and the shop foreman, Tim, for discovering this problem I didn't even know existed. I brought my truck in for one issue and they immediately found a worse problem that could have been a disaster if not repaired. If the wheel bearing that needed replacing had failed during driving, the wheel could have likely detached from my vehicle in motion, which would be extremely dangerous. The "back end" at dealerships (Service, Parts, Body Shop) often do not get the recognition they deserve, but I wanted to make sure I at least positively recognized the Service Department in this instance. Thanks so much."
