

Bug Guys Pest Control Receives 5-Star Review for Ant Control Services in Palm Desert, CA

September 25, 2019

September 25, 2019 - PRESSADVANTAGE -

Palm Desert, California - September 25, 2019 - Bug Guys Pest Control is excited to announce a fantastic 5-star review left by one of their customers in Palm Desert. The 5-star review highlighted their ant control service, which is one of the most popular and often ordered services. Bug Guys Pest Control is dedicated to customer service, and the new review proves they are always striving for the best.

The Bug Guys Pest Control has many 5-star reviews left from very satisfied customers. Here is a recent 5-star review from S. Miles: "Very prompt service from start to finish. Savannah answered my concerns and set an appointment for the next day with Gus, who arrived at 10 am as scheduled. He is polite and professional. I had an ant invasion, no ants so far. I signed up for the bi-monthly plan. Very satisfied with Bug Guys Pest Control." Their goal is giving customers an experience worthy of 5-star pest control service reviews.

Customer service is a top priority for the extermination company. Their office staff and technicians will go out of the way to ensure everyone has the best experience possible, right from the initial request for a quote or consult. Bug Guys Pest Control firmly believes in being on-time to every job, being respectful, and

professional and it is shown at every job that they do.

Not only does Bug Guys Pest Control offer incredible pricing on residential pest control services, but they also assist businesses with keeping their properties pest-free. Ant control is one of their most popular solutions for both home and office. It is highly effective at keeping ants at bay, and properties free from unwanted pests.

Bug Guys Pest Control proudly services the Coachella Valley for virtually every type of pest control service need. They offer routine bug sprays available monthly, bi-monthly, or quarterly, as well as one-time services. The technicians at Bug Guys Pest Control also have experience with live animal trappings, with problematic pests such as pigeons, gophers, and rats. However, the company is not limited to just these types of pests. The experienced team can handle bats, termites, bed bugs, bees, wasps, spiders, and many more.

For those that are looking for high-quality pest control in the Palm Desert area, they may visit the their website for further information on services and pricing. To contact the company for a quote or estimate on ant control or one of their many other pest control services may call (760) 565-1203.
