

Dental Office In Stockton, Image Dental, Provides Digital X-Rays

September 26, 2019

September 26, 2019 - PRESSADVANTAGE -

Stockton, California -- Image Dental, a premier dental office in Stockton, CA is pleased to provide patients with the latest technology in the dental field, including digital x-rays. This technology offers convenience and faster results for the patient and dentist. With digital x-rays, Image Dental can view a patient's complete oral condition, in a matter of seconds with clearer images provided.

With digital x-rays, the patient's exposure to radiation is also significantly reduced. With traditional x-rays, multiple exposures are needed to obtain a clear picture. However, with new digital x-rays, there is rarely a need to retake.

Image Dental is committed to advancing their practice with the best equipment and technology available. Digital x-rays are just one example of what makes their Stockton dental office one of the best in the area for patient care. Image Dental has also added laser dentistry, LANAP® as a great alternative to treat gum disease that doesn't require painful cutting or stitches. With these advancements available at their office, Image Dental strives for pain-free dentistry solutions.

Located in Stockton, CA, Image Dental serves the area for all their dental needs, including general and cosmetic dentistry options. Founder of Image Dental, Stephen Nozaki works closely with his patients to help them achieve their goals. For each patient, he creates a unique treatment plan that addresses their concerns while assisting them to get a healthier smile; they can be thrilled with for years to come.

Here is a recent 5-star review from Sean: "Each time I visit, I feel welcomed, and embraced not just as a client but almost like a family member. When I leave, I feel like something has been accomplished, and a plan is in place for the betterment of me. Not to leave out that I am smiling. Never experienced any pain, which is important." Image Dental's goal is always to provide outstanding service, and with many satisfied patients and five-star reviews, it only proves they are committed to this mission.

Finding a new dentist isn't always easy. Most individuals want the dental office to have the latest technology in place, convenient hours, great location, and a compassionate bedside manner. Image Dental has all of these things. You can read their Stockton dental office reviews, and hear from their patients.

For those that are looking for a new dentist in the Stockton, CA area, they can schedule an appointment with Image Dental on their website, using their convenient 'Book An Appointment' feature. They are also available during regular business hours by phone at (209) 955-1500.
