

La Habra Pest Control & Exterminator Hires New Employee

August 27, 2020

August 27, 2020 - PRESSADVANTAGE -

La Habra Pest Control & Exterminator is proud to announce the hiring of a new member for the team. Lucas Luna was recently hired on Friday and brings a high skill set to the table. Lucas has been in the pest control industry for over 20 years and is excited to be working for La Habra Pest Control & Exterminator. Lucas specialized in rats and mice where he was last employed but also has years of experience with all pests native to the La Habra area.

Pests have been on the rise recently in Orange county and are multiplying quickly. La Habra Pest Control & Exterminator has recently had an influx of calls from new clients saying they are having a problem with an infestation. Pests are becoming more and more resilient to over-the-counter and DIY pest control treatments. The company has been flooded with new clients so the current employees are getting extremely busy. Lucas Luna was hired to relieve some of this pressure in order to make sure all infestations are taken care of quickly and effectively.

The president of La Habra Pest Control & Exterminator spoke in an interview recently about the new employee, "Lucas is a great guy with tons of experience. He loves talking to people and helping them with their pest problems. We are happy to welcome him to the team and are excited to see him battle the rise in infestations that all Orange County residents are currently battling."

The company says they are ready to fight any and all infestations in the La Habra area. Their services are custom made in order to provide the best results in the least amount of time. If anyone has an infestation on their residential or commercial property they should contact La Habra Pest Control & Exterminator.

The business can be reached by phone or online at <https://lahabrapest.com>. Their operating hours are Monday to Friday, 8:30am to 5pm, and Saturdays 8:30am - 1pm. Residents can inquire about services, scheduled treatment plans and inspections.
