

Pico Rivera Pest Specialists is Growing

August 26, 2020

August 26, 2020 - PRESSADVANTAGE -

Pico Rivera Pest Specialists is happy to announce the hiring of a new employee: George Leaman. George has been in the pest control business for over 15 years and used to own his own pest control company. He has a lot of experience with treating every pest in the Pico Rivera area. The company knows that George will be a great addition to the team, providing the best pest control to the residents of Los Angeles county.

Pest infestations have been on the rise in Pico Rivera in the last few years and are becoming a real problem. It no longer matters how clean a house is, the pests still seem to find their way inside. Due to this rise in infestations, Pico Rivera Pest Specialists has been getting a large amount of phone calls. There are a ton of new clients and because of this, the company has been overloaded with work. The company has a team of only 5 exterminators so the new addition will relieve the tension. This will allow customers to be helped a lot quicker.

The president of the company said in a recent interview, "George has had a lot of experience in the pest control field and is going to be a great addition to our team. His enthusiasm and high energy leaves everyone with a smile. He has great work ethic and will handle any pest infestation quickly and to the best of his ability. He is a problem solver at heart and loves helping people. The company is excited to welcome George to the family and we know our customers will love him too."

The company has been around for years and has proven to be a reliable place to go to for any pest infestation in the area. Pico Rivera Pest Specialists are honored to be able to help Los Angeles County families be comfortable in their homes. Never underestimate an infestation, bugs infect quickly and spread wildly. Those interested can contact Pico Rivera Pest Specialists by telephone or visiting them online at <https://picoriverapestcontrol.net>.
