The law firm has an experienced legal team who have more than 350 years of combined experience and are ready to serve the legal needs of victims. ?When you have been in a car accident, you do not want to leave your future in the hands of someone that is inexperienced. You do not want to use a medical professional that is not familiar with the type of injuries you have sustained, and you do not want to use an attorney that does not have experience in this type of case,? says Tim Derrickson, marketing director at Kenneth S. Nugent, P.C.

He continues, ?When hiring an auto accident attorney in Albany, you want to select a firm like Kenneth S. Nugent, PC. We have the professionalism and experience necessary to represent you in an auto accident case.?

They want to point out that auto accident victims cannot simply rely on the insurance companies to provide the proper compensation. Insurance firms and their adjustors have the goal of minimizing expenses for the company, which means that they have the tendency of overlook many vital facts regarding the accident just so they can minimize the amount that they will need to pay.

The role of the auto accident lawyer is to ensure that the rights of the victims are protected and that they will get a fair settlement for their sustained injuries. It is therefore essential to have an Albany auto accident attorney to review the case carefully in order to avoid overlooking some vital information.

Insurance companies, according to the firm, tend to avoid providing compensation for a number of things. These include lost wages, pain and suffering from the injuries, property damage, loss of enjoyment of life,

long term medical treatments, long term therapy, cost of retraining for a new career if needed, and other factors.

Auto accident victims need to realize that those who have been unfairly injured as a result of the negligence of another person or entity are protected by the law. For instance, a car accident could have been caused by reckless driving due to cell phone use, failure to yield, intoxication, and more.

The lawyers at the law offices of Kenneth S. Nugent, P.C. in Albany will carefully evaluate the accident report and the medical records to determine the types of compensation that victims are entitled to from the offending party. For those who are unable to come to their offices, a representative from the firm will go to the victim.
