

## **Denton Pest Control Announces Plan of Merger**

*September 08, 2020*

September 08, 2020 - PRESSADVANTAGE -

Denton Pest Control has been providing pest control to Denton County residents for over ten years. The company has been helping thousands of families and business owners over the years with a variety of different species of pests. The company has received a lot of great reviews for their services.

They have grown incredibly over the past few years. The company just announced that they will be merging with another smaller pest control company in the area. The merger states that the smaller unnamed company will give Denton Pest Control new pest control equipment, new utility vans, and three new employees.

The president of the company recently said, "This merger will help take the company to the next level. We are always looking for opportunities to grow and help as many people as possible. This merger is going to allow us to do just that. The new equipment will allow us to effectively treat and pest problem in the most efficient way possible. The new vans will help us get to the infestations more quickly and more reliably through bad weather. Finally, the new employees will allow us to take care of more people than ever before possible."

Denton Pest Control offers three major pest control services. The most popular of their services are their custom treatments. These treatments are specifically designed to treat each species of pest individually. The

company says that this guarantees that the treatments are performed in the most efficient ways possible. Their routine checkups are also pretty popular. These services prevent pest infestations from ever happening in the first place. Their team of expert exterminators will examine the target property and will take preventative measures so that pests have no chance of ever infected a property ever again.

If anyone has a pest problem they should try giving Denton Pest Control a call today. Local residents can contact them by phone or go onto their website at <http://godentonpestcontrol.com/>. Their services are highly rated and are trusted by the local residents of Denton, Texas. An employee of the company recently said, ?Pests spread like wildfires. They can take over an entire property overnight. So if you need any help just let me know, we can answer any questions you might have.?
