Fast Eddys Keys Express Announces That They Are The Go To Resource For Emergency Locksmith Services

October 02, 2019

October 02, 2019 -
Fast Eddys Keys Express, a business based in Minneapolis, Minnesota, has announced that they are the go to resource when it comes to emergency locksmith services, in addition to changing locks, opening locked doors, and working with gun safes and the regular work of a residential and commercial locksmith. They want people to know that they truly make an effort to offer same day service when it is really required.

Edward Mann, owner of Fast Eddys Keys Express, states, ?We offer the only true emergency locksmith services in the Minneapolis MN area. The urgency for your residential, commercial and/or automotive locksmith needs is our number one priority. Our emergency locksmith services cover Minneapolis, St Louis Park, Edina, Golden Valley, Bloomington and Richfield, Minnesota, and we have been servicing them since 1985.?

Fast Eddys Keys Express provides various residential locksmith services. They offer emergency lockout service, and in some cases, people had to request for the rekeying of their locks or change them. The company can provide that kind of service in a timely manner to ensure that people will be safe in their homes.

The company also provides repair services for old or broken locks and they have 30 years of experience doing that. If the lock can be repaired, they will do that to provide some savings for the customer, but if the locks need replacement, their service trucks contain a wide range of residential locks to choose from.

Fast Eddys Keys Express also offers commercial locksmith services, including for emergency situations. They offer high security locks with high security keys, such as those by Schlage Primus, for commercial establishments. Edward Mann points out that the Primus keys that they are able to provide to customers are not sold to anybody else but him. This assures the business that the keys cannot be duplicated without the

permission of the owner.

Edward Mann also wants to point out that they have a lot of experience with door locksets and door closers. When a door closer is broken or begins to leak, it is time for it to be replaced and they can replace it promptly with whatever quality door closer that the customer opts to buy. He points out that they will do everything that is possible to ensure that the home or business is secured and will look the way customers want it to.

Another type of service that they can provide is automotive emergency locksmith services. This kind of service is particularly important for people who have locked their keys inside their car. They provide what is considered by many to be the most efficient car lockout service. In fact, that is how Edward Mann earned the nickname of ?Fast Eddy.? The nickname came from Johnny Gilbert, a columnist for the Minneapolis Star and Tribune. Johnny had locked his keys inside his car and he had asked Edward Mann to help him. Eddy had unlocked the car so fast that Johnny was astounded and that was when he started calling him ?Fast Eddy?. News about Fast Eddy?s ability spread fast, and realizing that such a name could actually help his business, he changed the name of his business to Fast Eddys Keys Express. Fast Eddy has 30 years experience in unlocking car doors. And if car owners have lost their keys or remote, he can produce them on the spot.

For door locksets, Fast Eddys Keys Express offers a wide range of choices when installing or replacing door hardware. There are actually hundreds to pick from but Fast Eddy can evaluate a customer?s specific circumstances and help them determine their best choices. He points out that choosing the proper locks will provide the benefit of adding both beauty and security to the home or commercial establishment. Customers can choose from a variety of functions, such as master key systems and keyless entry locks.

Those who are looking for emergency Minneapolis locksmith services can visit their website or contact them on the phone or via email. They are open 7 days a week, from 7:30 am to 7:00 pm.
