

Joel's Pro Tree Service Of Xenia Provides Tree Maintenance Services

October 10, 2019

October 10, 2019 - PRESSADVANTAGE -

Joel's Pro Tree Service of Fletcher, a tree service based out of Xenia, Ohio is pleased to announce that they provide various tree services including tree removal, tree trimming, and plant healthcare. Founded in 2017, the company has since been providing world class services to the people of Ohio. More information can be found at the following link: <https://www.joelsprotreeservice.com/fletcher/>.

A representative for the company says, "Before started this business, we knew two things. First, we wanted to work outside and didn't want to sit around in stuffy offices. Second, we wanted to make the world a prettier place. If I may say so myself, that's a noble goal, but we were stuck on the question of how to do it until we found the answer shortly after: Go Green! That is, help protect the trees. Trees are often a legacy that we leave to future property owners. Trees give us shade during the heat, and a safe place to tie our hammock during the summer. They give us back pain from raking their leaves, but they also give us clean air to breathe. At Joel's Pro Tree Service of Fletcher, we want to do our part to help our trees, and we provide services that line up in pursuit of that goal."

Joel's Pro Tree Service of Fletcher provides a variety of services, including stump removal, stump grinding,

crane assisted tree removal, lot clearing, shrub pruning and trimming, soil analysis, deadwooding, and more. The company is also available in case of emergencies, such as removing trees after storm damage.

“At our company, we love trees,” says the representative for Joel’s Pro Tree Service of Fletcher. “Therefore, you may rest assured that you can reach us whenever you need help with the trees on your property. Even if you would prefer to handle your tree issues by yourself, cutting down limbs has inherent risks that are better suited for expert arborists like us. Branches can fall on you, your property, or even your neighbor’s car—a situation that can lead to expensive lawsuits in extreme cases. Minimize your risk, and reduce the chances of your neighbor being eternally mad at you: Call Joel’s Pro Tree Service instead and we will help with all the dead tree removal, limb trimming, pruning, and so on.”

Joel’s Pro Tree Service of Fletcher’s dedicated work and experience in tree service has earned them a positive reputation among their clients in Ohio, all illustrated by the perfect 5 star rating they currently boast on the Google platform. Max Lockyer says in his review that, “Joel’s Pro Tree Service did an excellent job trimming our trees in the front yard and backyard in the first week of June. He came out in a timely manner and provided an estimate very quickly. He set a date to do the work and arrived as promised. He was very friendly and professional, and the price was very fair. Many thanks for an excellent job.” The company’s Google profile and location can be found at the following link: <https://www.google.com/maps?cid=12683934257753926744>

Joel’s Pro Tree Service of Fletcher also maintains their perfect five star rating on Facebook. Here, a review by Brian Bonnie Stiffler reads, “We completely recommend Joel’s Professional Tree Service. We had a very large tree removed with a few smaller jobs in the mix. The work was completed to our satisfaction. The crew was courteous and on the spot. You should definitely call here for your tree care needs in the Dayton area.”

William Urschel also recommends the company in their own review, saying, “Joel did an amazing job at my mom’s farm—took out 40+ trees around her farmhouse and barns, fence lines, and a bamboo grove! He had three teams working in tandem, work done on time with no problems! Recommend him for small to really large jobs!”
