Anthem, Arizona based Majestic Dentistry is celebrating one year of serving the local community since Dr. Jacob Holly bought and took over the practice. Learn more about Dr. Holly and the dental clinic online at their website and Youtube channel.

Dr. Jacob Holly, owner of Majestic Dentistry, says, "This last year has been very exciting and, in that time, the practice has been thriving and growing tremendously. For the previous five years, we averaged about 13 new patients per month. However, in just the past year, we've seen that number grow to about 34 new patients per month, and we are still continuing to see growth."

Majestic Dentistry offers a variety of dental care services, including crowns, porcelain veneers, root canal therapy, dentures, partials, extractions, fillings, teeth whitening, teeth cleaning, patient education, and so on. The practice uses the latest state-of-the-art equipment and cutting-edge technology, and upholds the strictest sterilization techniques to ensure that their procedures are all safe as possible.

Dr. Holly says, "At Majestic Dentistry, our aim is to provide quality dentistry so that you can maintain a

healthy smile! Here, our top priority is ensuring an exceptional dental experience. From the very first phone call you make for an appointment, the procedure itself, and long after treatment is complete, we want to make sure that you have nothing but a pleasant time. It's simply part of our dedication to building long-lasting relationships and healthy, confident smiles.

"We know that most people feel anxious about going to the dentist," says Dr. Holly. "That's understandable. Our goal is to make your visit with us as pain-free and anxiety-free as possible. We'll do everything we can to make your visit gentle and pleasant. We view it as our mission to educate our patients about all of their oral health care options and to help guide them to choose a treatment plan that is most suitable and appropriate for their needs."

In the time since Dr. Jacob Holly took over the practice, Majestic Dentistry has provided personalized dental care to thousands of families in Anthem, Arizona and its surrounding areas.
