Edison Auto Service Expands Fleet Service In Fort Myers FL

October 14, 2019

October 14, 2019 - PRESSADVANTAGE -

Edison Auto Service, a Florida based auto service provider, is pleased to announce that they have expanded their fleet service in Fort Myers, FL. Vehicle fleet owners in search of vehicle maintenance for both diesel and gas engines can find exactly what they are looking for at Edison Auto Service. The company is equipped with all the tools necessary to perform regular maintenance on all types of vehicles.

With the incredibly high cost of fuel that fleet managers have to contend with today (and the resultant vehicle downtime), the company notes that it is more important than ever to have a vehicle service provider who can give one's vehicles the immediate attention and fast service they require. "We understand the importance of having your vehicles on the road producing revenue," says the company. "We realize your business concerns about costly downtime. Therefore, we make it our business to help keep your business vehicles running."

Edison Auto Service is committed to providing the best possible service to their clients and is willing to go the

extra mile. They drop off or Uber their clients? drivers back to their offices in order to make the whole process even more convenient for fleet managers all over Florida. As they proudly state on their website, "You, the customer, are our number one priority."

Edison Auto Service has made a commitment to concentrate on the needs of fleet managers in Southwest Florida while they simultaneously work tirelessly to improve their offerings. With over 30 years of experience in the fleet maintenance and repair business, Edison Auto Service has all the tools and experience needed to help fleet managers manage the upkeep of their fleets while still being cost effective.

The company offers a number of services that every vehicle fleet needs in order to keep each individual vehicle running efficiently?and thus insure that the fleet is always in the perfect condition to continue generating profit. Brake repairs, for instance, are essential for any vehicle, and Edison Auto Service provides brake repair services to keep each vehicle?s brake system healthy and functioning.

"The technology we use sets us apart from any and all competitors in Fort Myers, Florida. These days, auto shops in Fort Myers must be competitive. We set the trend and the others play catch up," asserts the company. In particular, they make use of their advanced auto diagnostic systems to help clients quickly identify and repair whatever problems may arise.

The company always strives to improve the performance of their clients? vehicles, be they cars, trucks or SUVs. Edison Auto has the expertise and equipment needed to service all types of vehicles, both manual and automatic. No matter how distinct one?s vehicles are, Edison Auto Service has the tools and expertise needed to perform maintenance and repairs on them. "Our experts have the knowledge to service and repair even the most challenging auto problems on all makes and models of domestic and import vehicles. We use the latest technology to assess the situation and offer you alternatives. We guarantee all of our work, and know you?ll be happy with the outcome," says the company.

For nearly 40 years Edison Auto Service has provided Lee County area motorists with comprehensive auto repair services, including air conditioning and heating repair, brake, diagnostics, driveline, fleet service, lube, oil and much more. Their philosophy of work is meant to ensure that clients will not choose to go anywhere else after they have had an experience at Edison Auto Service. The company emphasizes full transparency, making sure to tell each client everything they need to know so they may make an informed decision regarding the services their car might require. "We respect your wallet and we respect your time, as we know your time is as valuable to you as it is to us," says Edison Auto Service.

"We intend to ensure our neighbors, friends and family get the truth and accountability they deserve from their local mechanics in Fort Myers. Call us today and let?s make customer accountability your priority," says the company. Contact Mark Cox of Edison Auto Service to follow up on any inquiries regarding auto repair

and maintenance projects today.
