Joel's Pro Tree Service was founded quite recently, having opened its doors to the people of Conover a few years ago. The company was born out of its founder, Joel's, desire to work outside and make the world a prettier place. "Trees are often a legacy gift that we leave to future property owners," says Joel. "Trees give us shade during the heat and a safe place to tie our hammock during the summer. They give us back pain from raking their leaves but they also give us clean air to breathe."

The company's strong commitment to providing great service has led to a number of clients leaving positive reviews praising Joel's Pro Tree Service. Many of these reviews can be found at <https://www.google.com/maps?cid=5974134946470333719>. A client named Robert Strong is quoted saying, "Joel and his team were fast, professional and competitively priced! I called for a quote in the morning and the tree was gone by supper time. The crew was friendly, efficient and they picked up every last twig from the old apple tree. If you need a tree removed/stump ground, call Joel. Bonus: I even asked Beaver Creek Rental if the price was good, and it endorsed both the price and Joel's business."

Another reviewer, Bernard Mitchell, gave the company five stars on Google, stating, "Joel's Pro Tree Service and his team are awesome. Very easy to work with and they do a great job. Very professional; the lawn looks fabulous! They also handled a large tree trim job for our client and it looks awesome. I recommend them!"
