

Porcelain Tub Restorations Celebrates Their 25th Year Anniversary

August 10, 2015

August 10, 2015 - PRESSADVANTAGE -

Bowie, Maryland company Porcelain Tub Restorations recently announced their 25th anniversary serving the Maryland, Washington D.C., and Northern Virginia market. The company provides budget bathroom remodeling by refinishing clients' existing fixtures to save homeowners up to 75 percent off the cost of replacement.

"Refinishing bathroom fixtures simply makes better sense than replacing when budget is an issue," states Paul Burns, owner of Porcelain Tub Restorations. "We can help homeowners to save by refinishing their existing countertops and fixtures, which still gives them a completely new look but without emptying their bank accounts."

Porcelain Tub Restorations was established in 1990, and has served the community since then with restorations and remodeling solutions. Burns founded the company after his mother had her bathtub refinished in 1989, only to have the new coating peel off days later. He began Porcelain Tub Restorations in an effort to keep other homeowners from living the same nightmare.

Today, the company provides solutions for homeowners who want to seriously remodel their kitchen or bathroom, but may not want or be able to spend thousands of dollars buying all new countertops, bathtubs, and other fixtures. Their products are guaranteed, and come in a wide array of colors and styles. Countertops, for instance, offer a number of choice options with regards to color, finish, and material. "I just don't see making a homeowner buy all new countertops or bathtubs when we have a solution that will get them new countertops cheaper and much faster," states Burns. "And we can guarantee that they won't lose their new coating within days of us applying it."

The company offers countertop refurbishing solutions that take only a day to complete. More about their bathroom remodeling can be seen at <https://bathrenovationhq.com/>.

They offer exclusive TubPotion coatings which can be viewed at <https://bathrenovationhq.com/services/bathtub-refinishing/>.

"We're just so pleased to have been around for the past 25 years, really making a difference in people's lives, and we hope to be around for at least 25 more," says Burns.
