

Real Estate Appraiser Launches New Online Resources

October 16, 2019

ROSEVILLE, MN - October 16, 2019 -
Roseville, Minnesota based real estate appraiser Minnesota Real Estate Appraisal Services is pleased to announce that they have launched a brand new Google Site in addition to their standard website to reach out to individuals and businesses with more complex real estate needs.

Clark Goset, a representative for Minnesota Real Estate Appraisal Services, says, ?We have over forty years of experience in real estate, a period over which we've gained a lot of experience and established our expertise in many aspects of the field. Most real estate appraisal firms prefer to deal with traditional single family homes alone, but not us. We deal with the standard traditional single family homes, yes, but we also take care of more complicated cases such as industrial, commercial, land, multi-family residential, and problem property appraisals. We can confidently say that our skillset is beyond that of most other firms in the region. With the launch of our new Google Site and website, we hope to reach a wider audience and provide our services to those who need it.?

Goset says, ?We pride ourselves in our ability to provide our clients, including attorneys, financial advisers, executives, and business owners with quality, respected, and exceptional valuation services. Most of all, we

take pride in being reliable, an especially vital attribute given that the need for real estate appraisals has become increasingly common in modern legal proceedings.?

The award winning appraiser also offers a variety of legal appraisal services, on top of real estate appraisals. Areas with which the company can help include Marital Dissolution Divorce, Partnership, Stigmatized Property, Condemnation and Eminent Domain Cases, and more.

?Considering every factor involved in today?s legal climate,? explains Goset, ?you need highly skilled professionals if you want to win settlements or sway the court in your favor. At Minnesota Real Estate Appraisal Services, we have tremendous experience in litigation support and expert witness services. Clients who have used our expert testimony services include government agencies, tax entities, financial institutions, legal and accounting firms, and many other businesses.?

Goset continues, ?We are committed to remaining unbiased when we perform our services. However, we can consult with you and advise you about the relative strength of an appraisal presented by opposing parties. We can also help you by performing additional research and analysis to support or discredit assumptions or conclusions. With our experience and proven track record, we are ready to take on any type of appraisal assignment and you can be sure that our appraisal values will stand up under the most severe scrutiny.?

The company?s services have earned them a highly positive reputation among their clients. On the Google platform, Peter Palmer says in his five star review, ?Clarke Goset did a superb job on a project of ours, taking the time to evaluate some tricky easement issues that affected the use of part of a parcel we were developing. His knowledge and expertise helped establish a fair value all parties could agree to.?

Goset elaborates, ?When you employ our services, you can be sure that you will always receive accurate and legally defensible real property values. When we take on a job, we make sure that the work we do will stand up in court just as well as it does in the marketplace. That way, we can spend less time in court, especially when complicated and adversarial interests come into play. If you need any real estate appraised, don?t hesitate. Call us now for a free initial consultation. Let us prove to you that Minnesota Real Estate Appraisal Services is your best choice when it comes to property appraisals.?

Those who want to learn more about Minnesota Real Estate Appraisal Services and the variety of services they provide can find more information on the company?s website.
