Summit, New Jersey based medical spa Ethos Spa, Skin and Laser Center is pleased to announce that they now provide botox treatments. The spa is also currently offering a chance for customers to claim a \$100 gift certificate off their botox treatments. More information about the spa and their botox treatments can be found at the following link: [Botox NJ](#).

Ethos Spa, Skin and Laser Center specializes in performing state of the art aesthetic treatments for clients in New Jersey and the surrounding areas. Dr. Hardik Soni, a representative for Ethos Spa, Skin and Laser Center, says "At our spa, our first goal is to offer the safest and most effective solutions that will ensure both beautiful and long-lasting results. Whatever it is you come to us for, we want to make sure that you get your money's worth. It's the same with our botox procedures."

At Ethos Spa, all cosmetic procedures, including botox, are performed by highly trained, board certified physicians who have years of experience under their belts. Furthermore, the spa ensures that each client receives a personalized treatment plan.

“Today, more and more doctors are recommending Botox for a variety of conditions,” says Soni. “In a recent issue of Time Magazine, it was even referred to as ‘The Drug That’s Treating Everything,’ and it’s no surprise why. Botox works, first and foremost, by allowing your facial muscles and muscles in other parts of the body to relax. Muscles that have been tense and taut for years will find themselves de-stressed and, with this, you’ll see unwanted fine lines, wrinkles, crow’s feet and more melt away—leaving behind only soft and smooth skin. But Botox helps with more than just looking good. Physically, mentally, and psychologically, Botox can be a comprehensive treatment.”

The spa also provides a number of other services, including plastic surgery alternatives like body contouring and dermal fillers, massage therapy, PRP hair loss treatments, vein treatment, laser hair removal, vaginal rejuvenation, and more.

Ethos Spa, Skin and Laser Center has a long history of excellent service that has earned them a strong positive reputation. On Google, the spa has a rating of 4.8 from over 350 reviews. Dawn Tiene says in her recent review, “Best place ever! I’ve been getting fillers since age 42, I’ve been to many places and Ethos Spa is absolutely the best! Dr. Soni is an expert on where to place the injections to get the best results. He is also extremely friendly and professional. Wonderful staff, especially Lauren. I drive 45 minutes both ways to come here and it’s always worth the trip! Love my results.”

In another review, Debra Ibrahim says “Went to Dr. Soni for under eye filler. I have always had issues with darkness under my eyes and never leave the house without concealer. Dr. Soni made me feel comfortable and at ease during the procedure. It was not painful and the results are amazing. Office is beautiful, and the staff were so helpful and kind. Will definitely be returning.”

On Facebook, the spa has a rating of 4.3/5 from over 60 different reviews. Nicole Pyka says in her review, “Staff is always friendly, especially Kathy. I saw Dr. Soni for my first visit and loved that I took his advice not to do too much at once, especially before my wedding. Second time I went back and saw Dr. Petrowsky who was also not pushy. She advised the same to not do too much. Love this place and, bottom line, they give real professional advice and opinions. I will continue to go back for my treatments. I’m due in a month or so, can’t wait.”
