

Kennedy's Towing Launched Towing Service in San Diego, CA

October 16, 2019

October 16, 2019 - PRESSADVANTAGE -

Kennedy's Towing has announced that they are back in full operation after embarking on an extensive rebranding project to build up and refresh their towing service in San Diego, CA. After providing tow truck services for over 2 decades, the company decided to improve its business operations to better serve the people of San Diego, CA and its adjacent areas. They now offer a broad range of towing services and an all-embracing roadside assistance service. They also expanded their area of service coverage including Lemon Grove, Chula Vista, La Mesa, Spring Valley La Jolla, among others.

Toby Sherman, the spokesperson of Kennedy's Towing, says, "We have been providing the finest towing service in America's Finest City for over 20 years. As part of our commitment, we have braced our services to continue giving the people the best tow truck service experience for the next 20 years or more." He adds, "San Diego is a busy city. Our 24-7 operations are aimed to complement the hardworking people of San Diego. The people can rely on us for help when their car unexpectedly breaks down or they had some unfortunate incident at any time of the day or night."

Among the services the company offers include flatbed towing, car lockout assistance, car, and motorcycle

towing, glass repairs, light and medium duty towing, off-road assistance, winching services, oil and fuel solutions, tire change, jump start and battery charge and junk car removal among others. For a complete list and details of their service, please follow this link: <http://gmbp.in/u/5da769eb6ae9b>.

The rebrand of Kennedy's Towing coincided with the launch of their new website that set out a transformational path for reaching, influencing and communicating with their customers. The company's new and comprehensive online platform is fully integrated and is more customer-oriented. From providing information about the company and its services to fulfilling customer loyalty through updates, specials, and educational articles, the website provides customers with a first-of-its-kind online experience from a towing company.

"All businesses today are navigating the technology jungle to improve their services. We at Kennedy's Towing have optimized customer service with online experience," says Sherman. "With our new website, the driving public can gain access to information about our company and services at any time of the day. They can also contact the company's phone number at (619) 722-3072 for any emergency towing or roadside assistance," he adds.

Even with their enhanced and complete services, the towing company maintains its price rates affordable to the public. Sherman says, "Tow truck services must not be costly. They should be accessible to everyone. People caught stranded in emergency car problems need help. We should help them and avoid adding more problems to their difficulty with expensive towing services."

The company also boasts of having the latest towing trucks and towing equipment in San Diego, CA. They ensure that their tow drivers are well-equipped and well trained so that they can do their work more efficiently and effectively. All their tow operators are licensed and fully insured. Customers can be assured that they will receive quality professional towing services. They can be sure that their vehicles are in safe hands.

Kennedy Towing wants their customers to have the best towing experience with their prompt response, dependability, fast service delivery and most of all friendly tow professionals. Sherman says, "Customer satisfaction is our primary goal in delivering our towing services." We are focusing on customer experience both online and at the personal level when customers meet our towing crews. We want to leave an impression that lasts."
