

Whittier Towing Makes Headway with Expanded Towing Service In Plano, TX

October 18, 2019

October 18, 2019 - PRESSADVANTAGE -

Whittier Towing has announced the official business launch of its improved towing service in Plano, TX. Located at Capital Ave in Plano, the company officially opened its doors to nearby areas such as Coppell, Camp Dallas, Parvin, Balch Springs, and Eagle Ford among others. They arrange 5 key locations around the city so that they can provide swift emergency ETA response within 30 minutes to customers stranded within their jurisdiction. A full listing of their service areas is available at <http://gmbp.in/u/5daa16183349c>.

Plano, Texas has earned a nationwide reputation as one of the best places in America for families to live and work. The city has family-friendly amenities and spaces in the DFW metropolitan area. Because of this, it has recently experienced explosive population growth while traffic congestion has also doubled. As more vehicles are expected to travel its roads and highways, Whittier Towing has intensified its reliable services by expanding its service coverage.

The towing company's representative, Dawood Rawlings, says, "We are truly grateful to the public for continuously choosing us as its no. 1 towing service provider in Plano. We are once again calling for their unwavering support as we embark on a new opportunity to grow." The company is bringing a diverse array of

towing and roadside assistance services in and around Plano. They offer car towing, motorcycle towing, long-distance towing, flatbed towing, and emergency towing. They also provide jumpstart and charging services, wheel tire change, fuel delivery, car lockout assistance, winch out services and other emergency car solutions. For details on their services, please follow this link: <http://gmbp.in/u/5daa1591afbfa>.

Included during their business opening celebration is the launching of their newly designed website, which features a simple yet sophisticated design. The site primarily contains information on the company, its services, news updates, and service areas. It also features new sections such as special offers which make the dissemination of important promos and discounts to the public a lot easier. The design also showcases a touch of the company's new look.

"The website is important because it is our portal to the people in Plano, TX and the nearby areas that we serve. We wanted it to become presentable and we are happy about the outcome. The content available is already substantial but we will regularly update it to share more information about Whittier Towing," Rawlings explains.

The company representative adds that the said site will also help increase interaction between the company and its customers. An online contact form is available on the website that allows site visitors to send messages and reviews online. They can also schedule for towing service through the website. However, those who need emergency towing and roadside assistance should contact the company via phone at (469) 609-6179.

Rawlings states that their emergency services are available 24 hours a day 7 days a week. It operates daily including weekends and holidays. Anybody who needs emergency towing may contact the company even beyond regular business hours. "We have dispatchers available all the time to answer calls and assist customers. You can expect a prompt response in our emergency line and be assured that a ready tow rescue team is always on standby to be dispatched to the customer within 30 minutes after calling," he adds.

Rawlings adds that their company is pleased to provide fast and affordable towing truck services in the Plano, TX and its surrounding communities. He explains that they are making affordable towing services for the driving public. Their pricing strategy enables customers to pay a lower upfront cost that includes all their fees. The amount in the quote that customers receive is the only amount that they will pay. There are no hidden or extra charges. "We want our towing services accessible to the greater public whenever they need it," he adds.
