The Mortgage Bureau, a ?one stop mortgage shop,? would like to make Peterborough residents aware of the company?s Peterborough office. Offering advice on mortgages and the housing market as a whole, The Mortgage Bureau is available to provide assistance to any clients looking to buy or sell a house in the Peterborough area.

?Our Peterborough office enjoys a prime location not far from the Queensgate Shopping Centre and accompanying car parks,? says The Mortgage Bureau. ?A number of local estate agents whom we work closely with are located nearby. Our nearest other offices are in King?s Lynn, Ely, or Milton Keynes, in case one of them is more convenient for you.? The company advises and assists customers from North Cambridgeshire, Lincolnshire, Rutland, Leicestershire, Northamptonshire, and more at their Peterborough office. Representing the entirety of the market, the company notably lacks any ties to any particular bank or building society. This means that their customers are guaranteed to get the latest and best rates on the market, while also receiving accurate and unbiased advice on how best to go about buying or selling. The Mortgage Bureau offers specialist advice for first time buyers, remortgaging, buy to let, right to buy, poor credit ratings, and life

insurance.

By providing unbiased, independent advice, The Mortgage Bureau builds long term relationships with their clients. They state, ?Only by being independent of all lenders is it possible to find the very best mortgage products and to change providers if a better deal becomes obvious during the term of an existing loan. Very few mortgage advisers are independent of both lenders and estate agents; The Mortgage Bureau is proud to be one of them!?

This independence also ensures that they are able to keep each client?s information confidential. The Mortgage Bureau does not share office space or systems with Estate Agents that may have different interests and motives, so clients that work with and provide information to the company can be sure that they are only working with and providing information to The Mortgage Bureau. By being independent of estate agents, The Mortgage Bureau also ensures that property vendors are not aware of their client?s budget before they begin negotiations?which makes it possible to negotiate fairly for a good price.

As independent financial advisors, The Mortgage Bureau offers advice on how to pick the best life assurance products. They take the whole market into consideration, not just one or two providers, and thus ensure that their clients manage to find the perfect package to suit their needs. The Mortgage Bureau?s greatest strength is their ability to provide independent, unbiased advice to all their clients. They have no obligations and show no favouritism toward any specific provider, seller, or buyer, and thus have the ability to be completely impartial and honest. As they state, ?By guiding you through the whole process from a truly independent standpoint we can then ensure the best outcome for you.? ?Love the fact that The Mortgage Bureau is totally independent of lenders and estate agents,? says a five star review of the financial advisor. ?We have always gone back to these guys, ever since buying our first home when they arranged our mortgage. They make everything so easy, and although they are professional, they are friendly as well. We return every couple of years to make sure we have the best mortgage deal. They have become friends over the years. Wouldn?t go anywhere else! Would definitely recommend.?

Another review praises the company for the advice and support they offer. ?Thank you for helping me achieve what I thought was impossible,? says the review, ?for your optimism from the first day we spoke and your support throughout the process. I couldn?t have done it without The Mortgage Bureau!?
