

Roofing Contractor In CT Celebrates Enthusiastic New Review

October 28, 2019

October 28, 2019 - PRESSADVANTAGE -

Manchester, Connecticut based roofing contractor Slavin Home Improvements is reaching out to the wider community to celebrate a new customer review. The company offers quality roofing services to the residents of the Glastonbury, Manchester, and Central Connecticut communities.

The recent review, left on Google by Andrew Gazsi, gives the company a perfect five star rating. It reads, "Zak Slavin and his crew at Slavin Home Improvements come highly recommended. Extremely knowledgeable, professional, and easy to work with. They came in on a Saturday to replace my whole roof, including the garage?started early and ended early with complete clean-up of the work site (very tidy). Zak pays attention to the details of the job, and makes sure you, as the homeowner, feel comfortable, in-the-loop, and educated about the whole process. Zak's crew are not only some of the hardest working that I have ever seen, but extremely efficient, and have the same penchant for details that Zak has. I highly recommend Slavin Home Improvement; my experience exceeded expectations in all areas!?"

Zak Slavin, owner of Slavin Home Improvements, says, "We built this company on a foundation of honesty, integrity, and hard work with the intent to provide all of our customers with the best roofing services

anywhere. We take a lot of pride in what we do. The team and I always treat every home we work on as if it were our own. It truly warms our hearts to see our hard work and effort recognized.?

The locally owned and operated roofing contractor has over eight years of experience in the roofing industry. The company provides siding installation and repair services alongside gutter installation, protection, and repair services in addition to their roofing and roof replacement services .

A quick look at their Google profile shows that there is not even a single negative Slavin Home Improvements customer review. The company?s commitment to quality roofing services is reflected in the fact that they maintain a perfect five star rating across more than 130 reviews. David Elliott says in his review, ?My roof was replaced by Zak and his team on August 7. His crew showed up on time and worked extremely hard to complete the job in two days. Excellent job with cleanup. Communication was great. Zak was always available to answer any questions I had. I would highly recommend Zak and his team.?

In another review, Anthony Ventura says, ?Had a roof patch done in late summer by Zak. Price was very reasonable, the work was done professionally and quickly, and communication was great, which was particularly nice since they came to do the work while I was at work. There have been several heavy rainstorms since then and the work has held up flawlessly. They will be my first call when I need a full roof replacement.?

The company also maintains a perfect rating on Facebook. Sebastian Vito Giuliano Jr. says in his review, ?About a month ago, part of my roofline siding fell off; I contacted Zack after other contractors refuse to fix it. Not only did Zack fix it in a timely manner, he checked the other roofline sidings and reinforced them for no extra cost. Highly recommended.?

Slavin says, ?If you want a reliable company to provide roofing services to your home, you cannot go wrong choosing us. We understand the importance of having a good roof above your head and we know how terrible it can get if the quality of that roof is compromised, especially since it can directly affect your safety. In Connecticut, we experience various weather conditions ranging anywhere from typical light rain showers to thunderstorms that bring hail. A damaged, low-quality roof won?t be able to shield you against such weather. When you hire us, however, you are guaranteed an excellent, top-notch roof. If you notice any signs of roofing damage, don?t hesitate to reach out to us.?

Those interested in learning more about Slavin Home Improvements and the variety of services they provide can find more information about the company on their website.
