

Pro Pad Inc. Partners With Techmounts To Provide Phone Mounting System For Motorcycles

August 07, 2015

August 07, 2015 - PRESSADVANTAGE -

Pro Pad Inc., a business in Mooresville, NC, has entered into a partnership with Techmounts, allowing them to carry the Techmount line of phone mounts. These mounts are specifically designed to be fitted onto motorcycles. These mounts and related products can be seen at <http://www.thepropad.com/accessories-mounts/>.

Mike Enzwiler from Pro Pad Inc. says, "Our company has a reputation of only carrying the best kinds of motorcycle products, including accessories. After much deliberation, we decided that the Techmounts products had to be added to our line. We are very pleased to announce that we have entered into partnership with this manufacturer and that our customers can now access the best mounting systems and products for their motorcycles."

The product range for motorcycles being offered by Pro Pad is extensive. It includes a camera mount accessory, a GoPro adapter, a GPS adapter, a handlebar mount in black and in silver, and the TechGripper. Each of these are designed to facilitate better and safer navigation while traveling on a motorcycle. The camera adapter, for instance, can be used with a small camera. As a universal adapter, it will hold most

models, brands and makes. It can be used to take pictures of the driver, or it can be turned around so that traffic can be monitored.

"An increasing number of bikers are mounting cameras on their handlebars in order to have evidence for insurance purposes if something goes wrong," adds Mike Enzwiler. "It is a shame that this has become necessary, but the reality is that it is better to be safe than sorry. Each of our products is designed to increase overall safety of riders."

Techmounts, meanwhile, is also very happy to have entered into this partnership. They have been designing lifestyle products for the 21st century for some time now. Their goal is to ensure everybody is always able to use their personal technology, no matter where they are. To be recognized as a brand that is worthy of being carried by Pro Pad Inc. has filled them with pride and they hope that the partnership will continue for a long time.
