Rosemark At Mayfair Park, an assisted living facility situated in Denver, Colorado is pleased to announce that they have openings for new residents. Rosemark At Mayfair Park is a unique luxury assisted living, respite, memory and Alzheimer's care community.

Sandy Christensen, a representative for Rosemark At Mayfair Park, says, "Our community is vibrant, supportive, focused on your wellbeing and carefully crafted to cater to every one of your needs. At Rosemark, we are proud to say that our mission is to be more than just an assisted living community. We want both you and your family to feel comfortable with us, to feel that our community is a natural extension of your home. We've recently had a few places open up for new residents, and we look forward to welcoming new members into our extended family!?"

Rosemark At Mayfair Park is locally owned and managed. The company says this allows them to provide responsive service to their residents in the small, intimate senior housing environment. Conveniently, the Denver assisted living facility is also situated close to Downtown Denver, making it easy for residents' families to visit.

“When you walk through our front gate,” says Christensen, “you can be sure that you’re in for a pleasant surprise. You’ll find that our large and open community spaces are welcoming and have a variety of engaging activities that our residents and their families can take part in. In addition to this, we also have meandering gardens that beautifully frame the private apartments where our residents live. If you talk to any one of our staff members, you’ll find that they are dedicated to their work and truly care about you and your well-being. At Rosemark At Mayfair Park, every single amenity is designed to make your life better. With us, you will eat well, stay healthy and never stop blooming.”

Rosemark At Mayfair Park boasts that they provide a personalized plan of care that is revisited frequently to ensure all residents are in peak condition. This plan is accompanied by daily programs and stimulating activities, an in-house fitness center, physical therapy gym, massage, spa, gardens, and walking paths, and topped off with warm, personalized relationships with the Rosemark staff. Rosemark At Mayfair Park is also proud to say that they are an inclusive, diverse community that welcomes people of all backgrounds, customs, perspectives and lifestyles.

Rosemark At Mayfair Park have established themselves as a cornerstone of the Denver community and earned positive praise from many of their clients. On Google, the facility has a rating of 4.2 out of 5. In his review, Shawn Mehaffey, a Google Local Guide for Denver, says, “This year, we made the painful decision to place my father in a nursing home. After researching nursing homes in the area, we settled on Rosemark. We have been pleasantly surprised. The Rosemark is clean, open and staffed by helpful people. My father started on the memory side and was later moved over to the assisted side. He really enjoys living there. They seem to keep folks busy. Most afternoons, the residents gather outside around a large counter/bar to socialize. I am very happy with the care my father is receiving and would recommend Rosemark to anyone looking for a clean and friendly nursing home in which to place a loved one.”

In another review, Tonnie Lipton says, “Rosemark is the best! As soon as you walk through the door, you can feel the warmth of the environment. The staff are awesome and really know each and every resident well. The needs of the residents are the number one concern. The decor is beautiful and the food is delicious. I highly recommend Rosemark!”

On Facebook, the facility is rated 4.4 out of 5. Rita Asuncion says in her five star review, “Colorado needs more companies like Rosemark at Mayfair Park that really care about our geriatric population! I really like how involved and genuinely concerned their staff are with the well-being and happiness of their residents. Bravo!”
