The ready-to-build piece of land is located in Bedford County, Virginia, and measures at 2.6 acres. Situated only 16 miles from Roanoke and 27 miles from Salem, it sits on the corner of Walnut Shell Dr in Vinton. The lot also has unpaved road access and is located in a Single Family Residential Zone.

Bradley Brenner, a representative for Alpha Land Realty, says, ?This is a great area to build a home. It?s simply beautiful. However, interested parties should be aware that this piece of land has been priced to sell quickly?so, as great as it is, you might miss out on it if you don?t make an offer soon.?

Separately, Brenner adds, ??If you are looking to make money off your parcel of vacant land that you no longer have any use for, we?re here for you. At Alpha Land Realty, we are looking to buy land fast and for cash. Our goal as a land buying company is to help our clients?that?s you?sell your land as fast as possible so that you can get the cash on hand and focus on the other matters that are really important. We strive to

make these sales processes as easy as possible for our clients, so if you?re considering selling your property, simply fill out our online form and you will receive a written offer from us within two weeks.?

The company buys lands in return for cash, so the seller will receive the funds quickly and can rest assured that they will be spared any unpleasant surprises. In addition, the fact that Alpha Land Realty makes the purchase themselves means that the seller won?t have to pay any realtor fees. The company also pays all title, escrow, and closing fees, ensuring that sellers do not have to account for any closing costs.
