October 24, 2019 - PRESSADVANTAGE -

Pensacola, Fla.- Emerald Coast Granite and Tile, a local granite countertop company in Pensacola, has recently expanded its marketing outreach this month. Their recent marketing expansion is in response to the growing need for companies to have a strong, consistent, and appealing online presence. Emerald Coast Granite and Tile have expanded their marketing efforts with their local digital marketing firm, LURE Media Group. Emerald Coast is excited for the expansion of its online presence and hopes it will drive a substantial increase in sales.

Emerald Coast Granite and Tile provides the Florida Panhandle with a large variety of high-quality countertops and tiles. Their selection of countertop materials includes granite, marble, travertine, limestone, and engineered stone. For flooring, the company's selection includes natural stone, wood, porcelain, ceramic, and mosaic tiles.

Emerald Coast Granite and Tile's marketing firm is increasing its search engine optimization. The firm recognizes that the Internet is an essential tool for marketers if they want to grow in customer reach. The firm will work diligently to optimize the company's content, social reviews, and keyword rankings. These

components of search engine optimization will help grow the tile company in Pensacola exponentially.

The company is expanding its marketing efforts to become more visible to local consumers. They outsourced this in order to continue to focus on their expert service and attention to using quality materials. The company is dedicated to providing its customers with top-notch customer service and quality products.

So dedicated, in fact, that they state: "At Emerald Coast Granite and Tile, we believe that the job is not complete until you are 100% satisfied and we measure our success by each customer's satisfaction."
