An Expert Roofing Brantford, ON, Company is Extremely Proud of a New Review Written on Them

November 05, 2019

November 05, 2019 -
Straight Arrow Roofing is a Brantford, Ontario contractor that grew from humble beginnings to the full-service roofing company that they are today in just a few short years. That is something that not many contractors of any type can claim. The company founder, Joel Guerra, says this happened because of all the positive reviews that have been written on the company over the years. There was one review in particular that Guerra was especially proud of. This is because he felt it perfectly summed up how they try to approach each and every roofing project that they take on.

Recent customer Austin Bubs had this to say in that particular review, ?Stop! If you need a roof this is the company hands down to do it. I am a contractor myself and have used many roofers in my day and no one compares. They came and replaced my personal roof and did an amazing job, not only was it inspected afterword by the crew, the owner came by and double-checked every single inch and did another magnet sweep and normal sweep around the entire property. This company is honest about materials and prices, he is very competitive, and you get more than what you pay for.?

This is not the only Straight Arrow Roofing Customer review where their customers have given the company

high marks on the services that they have received. People can follow the above link to their Google Business Listing and Map page and view some 47 reviews that customers have written about them. When those reviews are totaled up, the company has received an impressive 4.7 out of a possible 5 stars. That is more than respectable for any type of business that offers professional services.

Guerra says he is often asked if he really credits 5-star reviews like the one Bubs wrote with jumpstarting his roofing business. He had this to say about that, ?When we first started out my crew and I worked out of the back of a single pickup truck with just a few basic tools to do our roofing jobs. That was just 5 short years ago. Now we have several trucks that haul around the latest and best roofing equipment and we service the entire Brantford, Ontario area. That didn?t happen because of smart advertising or fancy slogans. It happened by doing quality work at fair prices with a heavy emphasis on customer service. That was our formula for making our customers happy and it generated an unbelievable amount of word of mouth. All of the positive reviews that people left about us really helped grow our small roofing company faster than we ever thought possible.?

There was also another press release that was written about a 5-star review this expert roofing Brantford ON, services provider received. In that review, the writer Allan S explained how the company went above and beyond what was expected of them by cleaning up at no cost some poor work that another roofer had previously done. It?s this type of service that has led to the many positive reviews that Straight Arrow Roofing has received.

Not only has Straight Arrow Roofing grown in size, but they have also significantly increased the number of roofing and other renovation services that they are willing to do in the Brantford, Ontario area. They now also consider no roofing project to be too big, too small or too complex for them to take on.

In addition to roof repairs, the company also does free roof inspections, roof leak detection, and roof maintenance. They even replace entire roofs on those homes that have older roofs or roofs that have been severely damaged by storms. Straight Arrow Roofing also offers a wide variety of commercial flat roofing services. Renovation services that the company now does include new siding installation, attic insulation application, and gutter and downspout replacement.

There are two main ways that those in Brantford, Hamilton, and Cambridge, Ontario can learn more about the roofing and renovation services that this company offers. They can either refer to their website or contact them through the information that is posted on their Google Business Listing and Map page.
