“We can help you get the lounge, dining, bedroom furniture that you want at a price that suits your budget by offering affordable furniture rental plans. Use Direct Debit or Centrepay to rent new furniture today,” says Richard van der Velde, CEO of Easy Payment Options. He adds, “There are many advantages of renting new furniture with us, like an easy application process and easy set up of weekly deductions through Centrepay or Direct Debit.”

First of all, Easy Payment Options offers an easy online application process. Those who need new furniture can simply visit their online store to choose the furniture that they want, add them to the cart, and start the application process. They can also talk to an actual person on the company’s team with regards to any

personalised options that they prefer. And lastly, they will finalise the paper work and receive their new furniture.

According to Richard van der Velde, there are other advantages of renting new furniture through Easy Payment Options. Aside from the easy application, these include affordable rental options; easy rent for those who work full time, part time or casual; and their choice of retailers.

Centrepay is a voluntary bill-paying service that Centrelink customers can use for free. They can make use of Centrepay to set up regular, such as weekly, deductions from their Centrelink payment. Plus, it is easy to initiate a deduction and then modify it at a later time. This can be done the fastest way by accessing their Centrelink account online. This is because Easy Payment Options has made an agreement with Centrepay to allow clients to choose it as one of the payment options when renting furniture.

Direct Debit may also be used as a payment option when renting furniture through Easy Payment Options. With Direct Debit, the payments can be directly debited from the bank accounts of the customers. However, the company would like to caution customers that this option should only be used by those who are used to managing their cash flow.

The company is family owned and operated and is focused on helping people wherever they are in Australia, including Toowoomba Qld. This is done by offering affordable financing options for new furniture and other items, such as televisions, tablets, fridges, computers, phones, tyres, baby goods, washing machines, and more.

Those who are interested in getting new furniture through a rental arrangement can visit the website at: <http://urlnk.net/fb-toowoomba-qld> or they can contact them by phone on 1300 781 788. They are open for inquiries during business days, from 9:00 am to 5:00 pm.
