Prime Title Loans San Diego says, ?It?s really disheartening, but a lot of people in San Diego are going through really tough times. With the country?s economy in the state it is, we don?t find it surprising but it is still saddening. As a financial aid company, we have dealt with a lot of people who are struggling with their finances. Our experience has taught us how terrifying it can be when you find yourself needing money that you don?t have. In these urgent situations, you may not feel like you have a lot of options, but we are here to help you.?

?There are many people who have been hit hard by the current recession,? the company says. ?The recession has made most lenders even more cautious and hesitant when it comes to approving cash advances. This is understandable, but it really affects the people who are having a hard time and need money. We understand the toll the economy has had on everyone, so we?re trying to provide some hope. When you apply for financial aid with Prime Title Loans San Diego, you?ll not only walk through an easy process, you?ll also be able to get your financial aid approved in just fifteen minutes using your car title as collateral!?

Prime Title Loans San Diego affirms that there are no strict prerequisites to get financial aid from the company. All that is needed is ownership of a vehicle that has a resale value of $5,500 or higher. The car also needs to be paid for in full. The company further reassures clients that, while a good credit score can help, a perfect credit score is not necessary to receive financial aid. Even if a client has a bad credit score, the company may allow them to get up to half of their car?s resale value.
