TLE Helps Anaheim Residents Cope With Hard Financial Times

November 13, 2019

November 13, 2019 -
TLE Anaheim has made a move to spread the word in their community that they are there to help. More specifically, they have announced that they are there to try and help when the going gets tough financially.

In today?s high-pressure world it is easy to struggle to make ends meet simply because the cost of living and all the bills that must be paid can get out of hand. In addition, large unexpected bills such as an HVAC failure can bring things to a crisis point. Sometimes banks can help but they are not the friendliest of institutions and the paperwork involved can be a nightmare. People in a crisis situation don?t need a mound of paperwork to deal with nor do they need to wait a week or more for a decision. Not everyone has good credit and they will simply get a ?no? from the bank.

This is where TLE Anaheim steps up to the plate. Thoroughly invested in the local communities around their branches, which can be found at https://www.titleloansexpress.com/locations/car-title-loans-anaheim/, they aim to be far more helpful. A TLE spokesperson said, ?When the banks can?t, or won?t help then we try to be the company that can. Many people try place after place only to get turned down time and again. It?s not surprising that so many are at the end of their rope when they come to us.?

TLE Anaheim can often save the day when all else has failed and this is how it?s done. Unlike traditional financial assistance, assistance based on a car title is available to anyone who is the sole owner of their vehicle. Usually, this would be a car but assistance for motorcycles, RVs, trucks, or even other vehicles is also possible. The application process is simple whether done online or over the telephone and they have trained financial aid officers available to answer any questions that arise. The application only takes approximately five minutes and once complete it can take as little as fifteen minutes to get a decision.

John Stricker, a local resident who got assistance through TLE said, ?To be quite honest I really didn?t think they could help me. I had mounting bills and my credit really wasn?t very good. I?d been turned down by the bank and a couple of other companies for that very reason. I found their website at https://www.titleloansexpress.com/locations/ and I tried one last time because they said ?bad credit didn?t

matter.? I applied and I had my money the same day.?

These are hard times and not everyone has stellar credit and for most assistance applications that exacerbates the problem. With TLE that?s not automatically the case. Provided the vehicle concerned has sufficient equity, applicants will not be turned away because of a bad credit rating. Once an application has been approved, it is simply a case of handing over some important documents for copies to be made. The car title or ?pink slip?, ID, proof of income, vehicle registration and insurance papers. Then the money will be made available. It is as simple as that.

Even in relatively affluent areas such as Anaheim, job opportunities are not what they once were, wages are not what they once were, and the price of everything is going up all the time. The average paycheck, however, is not. It is a vicious cycle that is affecting an increasing number of residents everywhere. More and more people are finding it harder to pay unforeseen bills.

A TLE Spokesperson explained, ?When unexpected events cause hard times it can be very isolating. People do not know where to turn or who to turn to. We will do our best to help whenever we can.?

Announcing their intention to be a friend to the community through Press Advantage, TLE Anaheim is making sure that all those in need of help know where to come for title-based financial assistance.
