Pensacola Business Services Authority Now Highlighting International Shipping

November 01, 2019

November 01, 2019 -
Pensacola, Fla. - The leading Pensacola business services authority has become a staple in the local community for all things postage. The Pack & Ship Business Centers Creighton is proud to highlight its international shipping options ahead of the upcoming Holiday season for fast and reliable package delivery all around the world.

International shipping is far more complicated than shipping domestically as every country has different laws and rules regarding commodities entering their country. With the upcoming Holiday season comes gift purchasing, and gift sending to family and friends all over the globe. Trusting in an authorized source to handle these shipments is the only way to ensure the safe delivery of these items.

Relying on shipping experts is needed due to different countries abiding by differing import taxes, international duties and brokerage fees that are not generally known to the public. There are also specialized international document requirements that could potentially lead to shipments never arriving if the proper paperwork is not completed.

The international shipping experts at Creighton Business Center are authorized and permitted to pack, document, and ship items to almost anywhere in the world, making the Pensacola FedEx shipping providers a saught after resource ahead of the holiday shipping rush.
