November 12, 2019 -
We Buy Houses Burlington County NJ has announced that they have upped the ante when it comes to selling a house. Not content with simply being at the forefront of companies buying houses in South Jersey, they aim to become ?the? go-to company for anyone wanting to sell a house and sell it fast.

Whether the housing market is depressed or on fire, selling a house is never completed as fast as sellers would like. It always takes time; weeks turn into months and it drags on and on and seems to take forever. This is where We Buy Houses can make all the difference.

We Buy Houses can buy a seller?s house in as little as 7 days. Most people have never sold a house in such a short time frame so the idea of doing so might be somewhat alien to their way of thinking. ?How can they so that? and ?What?s the catch? are most people?s first reactions.

They can do that because they are market specialists in providing a fast track house buying service. As for ?the catch,? there isn?t one. Unlike many other investment companies, We Buy Houses is not out to take advantage of a seller?s desire for a quick sale by significantly undervaluing a property. They are not in the

lowballing game. We Buy Houses prides itself on making sellers a fair offer, not an insulting one.

Those wishing to sell South Jersey homes quickly should have We Buy Houses at the very top of their list of options. Days, rather than months, is a very attractive proposition.

Stevie Monahan from Mount Laurel, Burlington County, New Jersey, had this to say, ?I went down the traditional route first off, and although I had a few people interested nothing was really happening. I needed a quick sale because I was moving jobs and I was beginning to get desperate with the lack of progress. I saw an ad for We Buy Houses and decided to call them. ?What have I got to lose?? I thought to myself. I did just that and they made me a fair offer, better than I expected, and a few days later my house was sold. Problem solved.?

That is what fast-tracking is all about. Waiting weeks, if not months, may work for some people but most want and need to get it over and done with much sooner than that. Similar stories from sellers in other parts of Burlington County, such as Moorestown, Bordentown, Willingboro, Tabernacle, Shamong, Maple Shade, Medford Lakes, and Mount Holly tell the tale of We Buy Houses? fairness and professionalism.

A We Buy Houses spokesperson said, ?Making a fair offer is the right thing to do ? it?s part of who we are. You can?t do business in a community and get respect by disrespecting those you do business with. It doesn?t matter whether a house is modern or old, pristine or in need of renovation, try us. We will make a fair offer for a house in any condition.?

We Buy Houses will help make the process as painless and as fast as possible. They will take care of property cleanup if necessary, and remove any junk, or trash, etc. so that a seller doesn?t have to.

Selling within such a short time frame is possible because there are no brokers or agents involved. There are no listing fees or final sale commissions necessary.

All the paperwork, even the drafting of contracts is handled by We Buy Houses. All a seller has to do is wait for the documents to arrive and sign on the dotted line. Once done, all that remains is to wait for the money on the day of closing. Simple, fast, and easy.
