November 12, 2019 -

Tripp Brothers Non-Slip Treatments, the Best Anti Slip Floor Treatment In Bluffton SC, is targeting to lower the cases of slip and fall accidents in commercial businesses in Bluffton, South Carolina.

According to the company, slips and falls have become the top cause of accidents, with approximately 25,000 people daily going to hospitals from injuries. Approximately 55 people die daily from slip and fall injuries. It is also considered as the second top cause of accidental deaths.

Companies in the United States of America also spend $30 billion yearly on slip and fall injuries or approximately $3.5 million per hour.

Tripp Brothers Non-Slip Treatments has helped businesses avoid serious lawsuits by reducing the chance of slipping in lobbies, kitchens, pool areas, and other open and potentially dangerous areas.

"We use highly effective chemicals that do not harm surfaces. In fact, after its application, it is completely removed, leaving that area much safer," says Paul Tripp, one of the founders of the company.

The floor safety solutions company is using quality Sure Step products. Sure Step is a long-lasting chemical treatment that creates an invisible, sophisticated tread design into the surface of hard mineral floors and porcelain. This process will not change the appearance of the floor or bathtub. It does not leave any chemicals, grit, or residue on the surface of the floor or bathtub.

"Once a surface is treated, 100% of the solution is neutralized and then remove," the company claims.

The treatment process has been developed and proven for all types of floors. It can be used for concrete, quarry tile, Spanish tile, ceramic tile, glazed brick, marble, terrazzo, porcelain/enamel, and many other hard mineral surfaces. The company's proven process also increases a surface's coefficient of friction by 200 to 400 percent when wet.
