Clear Choice Maids (CCM) is pleased to announce the launch of their maid service in Houston, Texas. Residents of Cypress, Katy, Tomball and Northwest Houston areas in need of help with house cleaning can now find the answer to their problems with Clear Choice Maids. The company stands ready to provide all types of cleaning services to homes in these areas at a competitive price.

"Getting in touch with Clear Choice Maids could be the best decision you ever make," says the cleaning service in a statement echoed on their website. "We're proud to offer the best cleaning options in Northwest Houston. When you're facing a mess that can't just be wiped, dusted or vacuumed away, you can depend on our professional cleaning experts to save the day. Some messes take more work than others to clean. Despite your best efforts, these examples of unsightly build up, stains, dirt and scuffs resist all attempts at removal."

One of the services offered by Clear Choice Maids is deep cleaning. Deep cleaning is the best way to address hard-to-remove stains, and it can help clean up even the dirtiest spaces. From filthy counter tops to disorderly closets and dirty floors, Clear Choice Maids' house cleaners have faced almost every sort of mess imaginable. They now bring this vast experience to Houston households. CCM stands apart from other maid services because they have never encountered a mess they could not clean. Their cleaners have the skills and experience needed to take the dirtiest space imaginable and clean it up.

Representing themselves as "the best in thorough house cleaning," Clear Choice Maids works from top to bottom to ensure that every customer's house is left spotless. "In addition to dusting and polishing as you might expect, we take extra time to give surfaces a rigorous scrubbing. This helps eliminate fingerprints, discoloration and other defects that detract from your home's appearance," says the company. "Once we've vacuumed and rearranged items to make everything tidy, we perform a final inspection to ensure our work is spotless. Our professional cleaners care about your home and family. We disinfect using safe cleaners, and everyone who works with our maid service passes rigorous vetting. You should never have to take risks to enjoy a good house cleaning, and we make it possible to tidy up with confidence."

The company's success comes as a result of the positive attitude they adopt with regard to professional house cleaning and customer service. CCM offers all kinds of cleaning options, including routine spring cleaning, helping refresh an inherited estate, or simply cleaning a space that one wishes to move into or out of. Customers are guaranteed to receive the best service possible, says Clear Choice Maids, and their customers have so far been impressed with the service they have received.
